

## ENGLAND IN GRIP OF BIG RAILROAD STRIKE

Greatest Walkout in the  
Country's History.

## ALL TRAINS STOPPED

At a Great Mass Meeting of Men,  
Speeches Were Made Denounc-  
ing Government.

LONDON, Sept. 27.—(By The Associated Press.)—The first day of the greatest strike in England's history passed without disorder, but with practically complete stoppage of railway transport throughout the country. Thus far it has been from a union standpoint, the most successful stoppage of industry ever recorded by warring labor.

Tonight a great mass meeting of railroad men was held in Albert Hall at which James Henry Thomas, secretary of the National Union of Railwaymen—after the audience for an hour had sung "the red flag"—delivered a speech of censure against the government and declared that trouble was brewing which might lead to bloodshed.

Both Thomas and C. T. Cramp, president of the union who had preceded him, asserted that the men were firmly behind the leaders in the crisis.

## Denounces Government

President Cramp denounced the government's action regarding the purpose of the strike as a "deliberate lie." It was not the public with whom the strikers were at war, he declared, it was the people who were for the moment in the position of directing the affairs of the country.

"All the powers of hell, the press, platform and perhaps the pulpit," would be invoked against the strikers, President Cramp said, but if they remained solid they would be victorious.

Both speakers denounced what they characterized as the government attempt to bias the mind of the public by saying that the strike was not in defense of union rights but against the life and property of the community. Answering Premier Lloyd George's statement earlier in the day that the strike was an anarchistic conspiracy against the government, Cramp declared that that was true "God help the country."

The railwaymen's strike committee agreed late today to transport food needed by hospitals and fodder for the horses owned by the railways.

Lloyd George's Statement.  
In his statement Premier Lloyd George said:

"In a long and varied experience I can find no strike entered into so lightly, with so little justification and such entire disregard for public interest. The strike is not one in which it can be contended that the workers are seeking to win fair wages from harsh employers, whose profits are believed to be excessive. In this case the railwaymen are dealing direct with the community.

The state is now running the railways at a loss, due in the main to the enormous increase made in the wages of the railway workers since the beginning of the war, and also to the great reduction in the hours of labor. This loss is being borne by the general taxpayer and will soon have to be passed on to the general public in the form of increased fares and charges. On its part the strike is inexplicable."

The government and strike leaders were busily engaged all day marshalling their forces for a fight to the finish. The government has already marshalled 1,000 motor lorries for the transport of food and is by no means at the end of its resources in that direction.

Offers of voluntary aid as drivers and in other capacities it is officially stated are coming from all over the country amounting to a quarter of a million. Many of the volunteers are discharged soldiers and women who had previously worked in the government transport service. The first day of the strike rested in the practical suspension of the railway service everywhere, excepting in Ireland and as a consequence it is estimated that fully a million persons are idle, including clerks and attendants, as well as those actually engaged in operating trains.

## Railway Men Confident.

The national union of railwaymen, and the Amalgamated Society of Locomotive Engineers and Firemen have a combined strength of half a million, and claim with their reserve of £1,500,000 to be able to pay each striking member one pound a week for three weeks before which time they are confident they will win.

The mail deliveries in London today were virtually restricted to letters posted in London, but the postmaster general is organizing a road transport for the mails and expects to have a fairly efficient service in the next day or two which it is hoped to supplement with an air service.

Arrangements have already been made to transport the mails to Belgium and Holland by airplanes.

Liverpool's meat supply was held up at Birkenhead. At Hartlepool the steel works closed and the iron works are damping down. Clerks worked the trains on a small stretch of the Great Eastern.

## PRISONER ATTACKS SHERIFF

Freeport, Ill., Sept. 27.—Sherman Dawson, awaiting trial in federal court for the alleged shooting of the postoffice at San Claire, Iowa, attacked Sheriff Hays in the jail tonight in an effort to escape. He was knocked unconscious by the sheriff who wielded a blackjack with telling effect. Dawson made his attack with a piece of broomhandle in which he had driven a nail. The sheriff was severely cut about the head. When Dawson attacked the sheriff a negro prisoner locked the jail doors to prevent the escape of the other prisoners. Dawson later finished serving a five year term in the Anamosa penitentiary.

## REPUBLICAN CHARGES DENIED BY FLOOD

Atrocities in Prison Camps Im-  
plicating Brig. Gen. Harts De-  
clared True by Virginia Con-  
gressman.

Washington, Sept. 27.—Denial of charges by Representative Bland, Republican of Indiana, that Brig. Gen. Harts was implicated in prison atrocities in the American Expeditionary force was made in a statement today by Representative Flood, Democrat of Virginia, minority member of the house subcommittee which returned to Washington today after investigating conditions and war expenditures in France.

"Evidence before the committee," Mr. Flood said, "con- sidered General Harts. As soon as General Harts heard of alleged prison atrocities he proceeded to correct them. Most of the occurrences were recorded before General Harts took charge of Paris affairs and conditions certainly improved under his direction. Mr. Flood said the accomplishments of the American Expeditionary Force were unparalleled. Never before has there been such swift application of intelligent energy, he said.

"I do not agree with Representative Bland's somewhat comprehensive criticism of the American army in France," Mr. Flood said. "The only thing alone if extended to end would have been extended from Brest to the Russian frontier of Germany, or about 900 miles. Wise provision was made for an army of 4,000,000. France is still wondering at these achievements.

"Of course in a time so hurried and in a business so vast and complicated, some errors of judgment must have occurred. There were so few in number and in consequential relation to the big things successfully accomplished that they can hardly be detected."

In regard to the purchase of 5,000,000 gallons of vinegar, which Representative Bland, who is a member of the committee said, was made at a great loss to the war department, Mr. Flood said the vinegar was purchased in Spain at an actual cost of seven cents a gallon less than the freight rate would have been from the United States.

## STEEL COMPANIES WILL TEST STRENGTH

Will Attempt to Operate As Many  
Plants as Possible.

CHICAGO, Sept. 27.—Steel companies in the Chicago area have prepared for a test of strength with the labor unions next Monday, when a determined attempt will be made to operate as many plants as possible at full capacity.

Appeals to the men to return at once have been issued and it is hinted that unless they respond a number of the companies may decide to close down for an indefinite period. Steps have been taken to provide the necessary police protection for the strikers who wish to return to their posts.

Realizing that a crisis is at hand in the doing everything possible to strengthen their lines. A number of mass meetings have been called for tomorrow, at which labor leaders will urge union men to remain out and ignore the overture of the steel companies.

At Gary, Ind., Mayor Hodges accepted an offer of the Loyal American League to furnish 600 of their members to serve as volunteer policemen beginning Monday. It is said that they will not be armed.

At Indiana Harbor, Hammond and East Chicago, Ind., steps have been taken to provide increased police protection to strikers who desire to return to work.

In Chicago large forces of police will be detailed to guard the steel companies' plants, here was little change in the situation in the local district. The large plants that have been operating since Tuesday continued open and reported that between 25 and 50 per cent of their normal force was on duty.

## 200 INFLUENZA CASES REPORTED

Washington, Sept. 27.—More than 300 cases of influenza were reported to the public health service this week by fourteen states, but the disease has not reached the proportions of an epidemic in any state. The service announced today that the cases reported generally were of a mild type. The states making reports were eastern, southeastern and far western.

## UNITED STATES WILL RETAIN GERMAN LINERS

Includes Ships Allocated by  
Inter-Allied Body.

## EMPEROR INCLUDED

Will Be Placed in Passenger and  
Freight Service by Ship-  
ping Board.

Washington, Sept. 27.—Eight German liners including the former Hamburg steamer Emperor second largest ship in the world, allocated to the United States by the inter-allied shipping commission after the signing of the armistice and used to bring home American troops are to be retained by the United States. Plans to place them in passenger and freight service are being prepared by the shipping board.

The Emperor had been allocated by the allied naval commission at Paris to Great Britain and the British minister of shipping expected that the ship would be delivered to him today at Hoboken for use by the Cunard Line in service between New York and England.

The shipping board announced today however, that it had taken the liner over for the war department and ordered a survey to determine repairs necessary for use as a liner.

Rosseter, Director of the division of operations of the board, issued the following statement tonight:

"It is understood by the United States shipping board that the Emperor, Kaiserin Augusta Victoria and six other ex-German ships now in New York were allocated to the United States under the terms of peace, and the board therefore assigned these vessels to the war department for the repatriation of troops. This service being now performed, the chairman of the board requested the shipping board to deliver the ships to the United States shipping board. Accordingly, the war department this morning delivered the Emperor at New York to the shipping board representatives."

While no official of the board would stand sponsor for the statement, it was understood that the action of the board in retaining the ships was a result of a decision by the supreme economic council at Brussels to allocate to the allies twelve oil tank steamers in German ports which the Standard Oil company of New Jersey contends are its property. The ships were operated under the German flag, but the company claimed they belonged to its German subsidiary.

Under-Secretary of State Polk, head of the American peace delegation at Paris has sought to have the twelve oil ships allocated for the transportation of oil from the United States to Germany. The representatives of the five great powers at Paris agreed, but the supreme economic council, on which the United States is not now represented ordered Germany to turn the vessels over to the allies.

Allocation Permanent.  
In announcing that the shipping board would retain the eight German liners, Mr. Rosseter said their allocation to the United States was permanent. When the ships were delivered by the Germans in England, the shipping board it was explained turned them over to the war department for use as transports and has now taken them back for commercial employment.

Officials of the shipping board would not say upon what authority they were acting. It was expected, however, that the whole question would be brought to the attention of President Wilson on his return to Washington, either by the board or by Viscount Grey, the new British ambassador who arrived today to take up his duties.

Meantime the Cunard Line has been advised by the British minister of shipping to cancel its plans to operate the Emperor under the Cunard flag next month. The company had advertised extensively that the Emperor would be operated by it in the New York-Southampton service.

## TAKE STEPS TO PREVENT "SCALPING"

Cincinnati, O., Sept. 27.—Reports received by internal revenue officials that "scalping" on world's series baseball tickets is being attempted here caused detailing of several deputy collectors to the task of obtaining evidence. Under the federal law, the ticket speculator is amenable to arrest unless he fulfills all the requirements by being properly licensed, paying the war tax and marking the tickets.

## PLAN CELEBRATION

Morris, Ill., Sept. 27.—About 2,000 residents of Chicago who formerly lived in Morris are coming home to the Victory Festival and homecoming to be held here on October 1, 2, 3 and 4. More than \$10,000 has been expended in plans for the celebration.

## MINNESOTA TAX RATES HIGH

St. Paul, Sept. 27.—The state auditor announced today that the state tax rate for the coming year will be 8.10 mills, the highest in the history of the state.

## SUMMARY OF LATEST STRIKE DEVELOPMENTS

Having failed in the first week of the steel strike to paralyze the industry, although crippling many plants and forcing a shutdown in some centers, union labor is massing its forces for a greater offensive tomorrow, when approximately 35,000 employees of the Bethlehem Steel company have been ordered to join the walkout. On the other hand, officials of the United States Steel corporation and independent companies who claim to have won back many deserters are preparing to launch a drive of their own, in an effort to re-open as many plants as possible and increase the output in mills kept in operation.

The sixth day of the industrial struggle, which, passing without serious disorder, brought no great advance to either side, was marked by the following developments:

1. Formal announcement by the strikers' national committee that the Bethlehem strike would become effective tomorrow.
2. Invitation extended by the strikers to the senate labor committee to visit Pittsburgh and investigate for itself, "causes of the strike" and "illegal and brutal methods employed by the steel corporations to break the strike."
3. Announcements that the strikers would confer with the railroad brotherhoods "on matters in connection with the strike."
4. Expression of confidence in William Z. Foster, secretary of the strikers' national committee, adopted by that body after attacks had been made on Foster in congress and elsewhere for alleged radicalism.
5. Detailing of additional police in various cities to afford protection to workers desiring to return to their posts tomorrow.
6. Reply by Secretary of War Baker to strikers' protest that he lacked authority to prevent employment in Chicago of discharged soldiers in uniform as strike guards.
7. Second message sent Governor Cox of Ohio by Governor Cornwell of West Virginia warning of a threatening "invasion" of West Virginia by Ohio strikers, unless the Weirton mills close by tomorrow afternoon.

## FALL AMENDMENTS READ U.S. MARINES OCCUPY TRAU

General Debate on Proposals Starts Monday.

Republicans Claim Changes in Treaty Will Carry When Vote Comes.

WASHINGTON, Sept. 27.—All that part of the German peace treaty affected by the amendments of Senator Fall, Republican of New Mexico which would exempt the United States from responsibility for foreign nationalities was formally read to the senate today evening at the end of the reading session. The amendments were formally read to the senate today evening at the end of the reading session.

## WILSON ABANDONS PLAN TO WELCOME KING ALBERT

Gives Up Trip on Advice of  
Dr. Grayson.

## SPENDS DAY IN BED

Mrs. Wilson in Constant Attendance to President—Due in Capital This Morning.

ON BOARD PRESIDENT WILSON'S SPECIAL TRAIN, Sept. 27.—Altogether benefited by several hours of sleep President Wilson's condition showed no important change tonight while the special train on which he made his interrupted tour of the country was approaching Washington.

Late today the president on the advice of Dr. Cary T. Grayson, the president's personal physician, abandoned his plan to go to New York next Friday to welcome King Albert of Belgium. Altogether white house officials on board the train had not expected he would be able to make the trip. Mr. Wilson himself had hoped he might do so.

The president wired the state department asking that someone else be designated to officially represent the president in the welcome.

Later he expects to meet the king at the white house but it is considered likely that the meeting may be postponed until the king has completed his tour of the United States.

"Remaining in bed nearly all day the president was said to have regained some of the loss of strength which followed his nervous attack of yesterday. His train is due in Washington tomorrow morning and he will be taken to the white house for a more complete rest from his long speech-making trip for the peace treaty.

## Doctor Issues Bulletin.

The bulletin issued by Dr. Grayson was the second of the day, a morning statement declaring that there was little change from Mr. Wilson's condition of yesterday which had been described as not alarming.

"The condition of the president this afternoon shows no very material change since this morning, but he has benefited from the sleep and rest of the early hours of the day."

Mr. Wilson sat up a short time during the early afternoon but Dr. Grayson, enforcing his rule of absolute rest did not permit his patient to give attention to executive affairs or to exert himself in any other way. The physician spent practically the entire day with the president and insisted on keeping his mind away from the cares of his office and of the treaty fight.

## Rest Helps Patient.

Dr. Grayson seemed particularly pleased at the rest which the president was able to get during last night and this morning. Throughout the evening and early night Mr. Wilson had been restless but in the early morning he fell into a sound sleep which lasted for several hours. Although still weak his rest during the night helped him to pass a more comfortable day on a clear track.

Speeding the presidential special train virtually without schedule railroad officials making what speed they could without taking unnecessary risks. No stops were made, except at long intervals to take on water and change engines. It was thought tonight that the capital would be reached not later than eight o'clock tomorrow morning.

Aboard the train it was packed up for the members of the presidential party, who virtually have made their home aboard since the departure from Washington three and a half weeks ago. During the trip, of nearly ten thousand miles, all of those in the party, including the President and Mrs. Wilson spent all but three nights on the train.

## KILLED IN AIRSHIP WRECK

Brownsville, Texas, Sept. 27.—Lieutenant Colonel Leary, Fourth United States Cavalry and Lieutenant Hollingsworth were instantly killed and Lieutenant Connell, pilot of a border patrol airplane, was probably mortally injured near Rio Grande City, Texas, today according to a brief radio message received late today at Fort Brown. Details were not given.

## VOLCANO ACTIVE

Honolulu, T. H., Sept. 27.—Mount Loa volcano on Hilo Island burst into eruption today and the same spot as the eruption in 1915. Two rising columns of lava or incandescent gases are visible from the observatory. The volcano is situated on the summit of Mount Loa, a 13,000 foot peak.

## LIBERTY BONDS STOLEN

Perth, Sept. 27.—Robbers last night blew up the safety deposit vault of the National Bank of Isabel, Ill., and got away with quantities of Liberty Bonds in boxes. No cash was taken.

## BALLOON LANDS IN MICHIGAN

St. Louis, Mo., Sept. 27.—A telegram received here at 11:45 tonight reported the landing at Stittsville, Mich., of the last contestant remaining to report in the army-navy balloon race started here yesterday with five competitors. The message, dated at Cadillac, Mich., stated the craft descended at Stittsville at 10:20 this morning.

The bag reported tonight to have reached Stittsville was a navy representative from Washington, D. C., piloted by Lieut. R. Emerson and Ensign Sloan who signed the message. The air line distance to this point from St. Louis is approximately 500 miles.

## DECLARE HIGH SUGAR PRICES INEVITABLE

Sugar Shortage Reported Thru-  
out World—Sugar Now Selling  
at High Prices in European  
Markets.

Chicago, Sept. 27.—Howard Van S. Tracy, director of the Holland St. Louis Sugar company in a statement here today declared that the shortage of sugar throughout the world is such that higher prices are inevitable.

At the present time there is virtually no sugar in the country, and neither retailers, dealers or wholesalers have enough to supply the demand. As to the total amount of sugar in Cuba and elsewhere available for the United States before January 1st, is only approximately 600,000 tons, whereas the requirements of the country will be approximately 1,200,000 tons, this hole amounting to 600,000 tons will have to be stopped by the new beet crop. This crop which is ordinarily distributed throughout the ensuing twelve months, is only about 800,000 tons. It is obvious that the next three months will be a time of sugar shortage at some time during 1920.

If the United States equalization board does not buy the Cuban crop, the entire world will be bidding competitively for this crop which may force the price of raw sugar to almost any figure.

As sugar is selling at fifty cents a pound in England, twenty cents a pound in France, forty cents a pound in Germany and seventy-five cents a pound in Russia, in American money with every nation fighting to get it, it is apparent that they will not hesitate to pay practically any price that Cuba sees fit to ask.

It is for this reason that the American Beet Sugar Producers' association in an earnest desire to not only protect the public but to maintain equitable conditions in their own trade has asked the government to buy the Cuban crop.

## PLANS FOR ENTERTAINING BELGIAN PARTY

Will be Received at White House  
Oct. 4, 5, and 6th.

Washington, Sept. 27.—King Albert and Queen Elizabeth of Belgium will be guests of President and Mrs. Wilson at the white house next Saturday, Sunday and Monday it was announced today at the state department. On Saturday the king will be received by the senate, at 2 p. m., to assist Secretary Breckinridge Long of the state department will go to New York to extend formal welcome to the king and his party when they arrive on Wednesday on the transport George Washington. The president will not be present in person to greet the Belgian royal party during the stay in the United States will not be announced before Monday it was said today at the state department.

The program calls for a trip of the party across the continent to San Francisco.

## STORAGE STOCK OF MEAT IN UNITED STATES

Chicago, Sept. 27.—The total storage stock of meat and lard in the United States would last nineteen days under normal conditions and if no reserve stock were available according to estimates of the Institute of American Meat Packers today.

The estimates are based on reports of the bureau of markets.

## ADMITS BLOWING UP BRIDGE

Jersey City, N. J., Sept. 27.—Werner Horn admitted before James G. Carpenter, Jr., U. S. Commissioner, here today that he blew up the Canadian Pacific railroad bridge over the St. Croix river in McAdam Parish, N. B., Feb. 2, 1915, but insisted that it was a military act committed in a hostile country during war-time.

## DICKSON CALLS PART OF STAFF TO CHICAGO

Springfield, Ill., Sept. 27.—Colonel Richards J. Shand and Colonel Struben O. Trip, members of Adjutant General Dickson's staff, were summoned to Chicago yesterday by General Dickson to be on hand in the event of trouble incident to the strike of steel workers. It was learned here today.

## FAMOUS PRIMA DONNA DEAD

London, Sept. 27.—Adelina Patli, the prima donna, died this morning at Craig-Y-Nos Castle, Penycast, South Wales.

## STRIKERS URGE SENATE TO PROBE CONDITIONS

Appeal Made in Telegram  
Sent to Senator Kenyon.

## LABOR IS OUTLAWED

Bethlehem Steel Company Strike  
Will Be Made Effective  
Tomorrow.

PITTSBURGH, Sept. 27.—The national committee for organizing iron and steel workers, after canvassing the steel strike situation here today, sent a telegram to United States Senator Kenyon, chairman of the senate labor committee tonight asking him to have the committee investigate the conditions the steel strikers complain of in western Pennsylvania.

The national committee also decided to confer with the railroad committee.

The telegram sent to Senator Kenyon decided upon by unanimous action of the committee which represents twenty-four unions involved in the strike, urged the committee which is investigating the strike to "come to the Pittsburgh district at the earliest practical date for the purpose of getting first hand evidence of the causes of the strike and of the illegal and brutal methods employed by the steel corporations to break the strike."

"In many instances the civil authorities outlawed organized labor," the telegram concluded.

Have Confidence in Foster.  
A conference committee of the national committee will get in touch with the heads of the four railroad brotherhoods as soon as possible. What the steel workers will ask the brotherhoods not disclosed. The committee before it adjourned adjourned in confidence affirming its confidence in William Z. Foster, secretary of the national committee whose alleged radical attitude has been attacked in congress and elsewhere.

Secretary Foster said tonight the committee will give out a document that will be interesting.

He would not say what it was. The sixth day of the strike in the Pittsburgh district was the quietest of the week. With the exception of the decision of the national committee to the Bethlehem Steel company strike effective next Monday morning there were no radical changes in the situation. The Bethlehem Steel strike did not come as a surprise. The refusal of E. G. Grace, president of the Bethlehem company on Thursday to deal with the labor leaders foreshadowed the action of the strikers' committee today. Saturday being a half holiday in the industry there was no great change in the number of men at work, either in the plants of the United States Steel corporation or in the mills of the independents.

The employers continued to make announcements of small gains, but the strike leaders had nothing to say, except that the situation from their standpoint remained satisfactory.

Mass Meeting Today.  
Mass meetings will be held tomorrow wherever the authorities will permit them, for the purpose of increasing the force of additional organizers are in the field to the meetings.

The strike, which began last Monday, has resulted in the shutting down or crippling of virtually every plant of the United States Steel corporation and many of the independent mills. The subsidiaries of the steel corporation were harder hit outside the Pittsburgh district than they were in this vicinity, according to reports. The Carnegie Steel company, largest of the subsidiaries, managed to keep its great plants at Homestead, Duquesne and Braddock running, although the strikers claimed they were badly crippled and constantly losing men.

This was denied by the Carnegie company which insists that each day saw more men returning to work. The same report came from the independents that kept their plants in operation.

## NEGROES DEPORTED

Omaha, Neb., Sept. 27.—Forty vagrants, twenty five of them negroes arrested in a round up following the attack by a negro upon Agnes Loebach Thursday night were deported today by a police court order. The men were placed on a special coach which was attached to a fast train, for the west. The Union Pacific will give them work.

People have no thought but to listen respectfully to the arguments of the president in favor of the peace treaty. But it sounds like sophistry or "politics" when Mr. Wilson says that the cost of living will not come down materially until the treaty is signed. He has not given a satisfactory explanation of just why the treaty signing will at once bring about this greatly desired result.

When they talk about the need for greater production there is one industry where the workers are constantly attempting to bring this about. Prices for farm products may slump and become unsatisfactory but you never hear the farmer talk about cutting off production. Whether the prices are high or low, the farmer knows that the best policy for him is to make his land produce

as largely as possible in crops and livestock.

Mr. Rockefeller has given \$20,000,000 for the development of medical education. It is a beneficial contribution to the cause of science and will result in untold good to humanity. Now if some one else would leave a great fund providing for the study of the relations between capital and labor and provide a satisfactory solution for the big problem, still greater good to humanity would result.

## A CONVINCING ARGUMENT.

The condition of the city water which has been going thru the mains the last two weeks has been enough to convince any consumer as to the absolute need for a filtration plant. For that matter, no convincing was necessary, since the demand for a pure water supply has been existent thru the years. If anyone has a sound argument against the issuance of bonds as proposed in the election called for Tuesday, Oct. 7, it has not yet been heard.

## BRITISH DIPLOMACY.

British diplomacy has another achievement to its credit. The railroad strike was not postponed as at first indicated thru the activity of Lloyd George, but it has been discovered that in all the larger cities of England there is an eight weeks' reserve food supply. These reserve stocks are said to constitute a great surprise for the railway strikers. In transportation strikes the need for food commodities in the cities is usually a large factor in bringing about quick settlement.

## SLIPPING AWAY.

## COME TO THE AID OF JACKSONVILLE

Opportunity may knock at the door of a citizen or a city more than once, but it is not fair to try the patience of the jade too many times. Jacksonville has had opportunities and has turned them down in the past many times. But today still another chance is offered to get out of the slough or to mess along for years to come in the same old way. Many have in the past assumed that "they" will get along some way. But it is a very difficult thing to do without money. The present city council has made a saving in the few months they have been in office, but it has been by giving their services free and by the utter neglect of all constructive or new work.

Just at present city affairs have reached a point where we are doing absolutely nothing for the advancement of the city. It is a time when the citizens must do their part if they desire advancement. If they desire to enhance the value of their property or their investments in the city. The present council has not the money to even keep the property, the streets and sewers and other property owned by the municipality, in repair. Costs have advanced in every line of endeavor, but the revenues of the city have not advanced. Interest burdens are heavy, outstanding indebtedness is pressing and there is no money to meet the obligations. By the voting for the issuance of bonds a sinking fund is provided to meet the bonds each year, automatically. We have at present a very low bonded indebtedness.

The issuance of bonds will furnish the money to pay the people to whom money is due and provide for the payment of the bonds at the same time. Over one hundred thousand dollars of this debt is owing to employees and merchants of the city, some of it long past due and the merchants and employees have been forced to either discount these bills or to borrow money and pay interest in order to carry them. Is this honest or fair? A man would not like to have his own personal credit talked of as has been the affairs of the city, and yet it is, in a sense, your personal matter, the debt is the debt of every property owner or taxpayer living in the city. Let us pay our debts and have a little money on hand to build a filtration plant, to make necessary improvements, to be in a position to spend a little money in order to make or rather save a little money.

Bonding the city is simply borrowing money at a lower rate of interest, and providing a way for the payment of that money by installments. It is not only a matter of direct interest but a matter of pride that should inspire every citizen, to enable our present city government to proceed with work that will benefit all, and back up the many citizens of Jacksonville who have shown their faith in the town by the advancement of money to enable us to secure an unlimited supply of water. A man remarked a few days ago that Jacksonville had improved by a "dam" site in the last few months. Let us keep up the good work until we can boast of further and greater improvement, made possible by our votes and attitude at the election Tuesday, October 7th.

The Illinois Steel Bridge Co. are leaving for other cities. It looks very much as if Jacksonville is quietly losing one of its most important industries. Business men have been on the alert for years seeking new industries, and while they are wondering how they can induce other industrial plants to locate here, one accounted a local business fixture is gradually disappearing. But nobody seems to know just how the unfortunate process can be stopped.

## PATRIOTIC EMPLOYERS

Danville is credited with the honor of having the largest percentage of membership in "The League of Patriotic Employers." This is a nation-wide organization of employers who pledged themselves to re-employ any man who left their service to enter the army. So far as known, no Jacksonville business man was a member of this league, but there is also no record of a case where a local employer has failed to "take back" any young man who left his employment in order to enter the service of his country.

We believe Jacksonville can make nearly a 100 per cent showing in this matter.

## IN ARMENIA

Conditions are without doubt distressing in Armenia but that fact does not lead any overwhelming majority of people to believe that it is the duty of the U. S. to send troops there for the saving of the Armenians. Certainly there are armed forces nearer the scene of the trouble on whom the responsibility rests. The member of this league, being in congress to provide for the movement of troops to Armenia lends color to the story that President Wilson practically agreed at the peace conference that the U. S. shall become a mandatory to Armenia. It is a humane task which is proposed, but is it a duty? Are there not other "humane tasks" nearer at hand which urgently demand attention?

## A FINISH FIGHT

Published facts about the steel industry indicate that mill workers are drawing high wages. The figures are of a kind to show that there should be no difference of wages, but the big corporations in these same reports admit that many of their employees work for 13 hours a day. True they are paid well for the overtime but the fact remains that it has been shown that men cannot continuously work the 12 hour schedule without physical injury. But seemingly it is neither wages nor hours over which the men are struggling. Instead, it is the question of their right to organize and to have their employers deal with them thru their chosen representatives.

It looks like a definite struggle for the final settlement of this big question between capital and labor.

## WHO PLEDGED US?

(Chicago Tribune)

President Wilson says that we have pledged ourselves to support the covenant of the league of nations and that therefore we must sign it or be caught in an act of perjury.

Who pledged this nation? Who had the authority to say that the nation would accept the obligations which were conferred upon it at Paris?

By what process did the nation make known its intent to assume these responsibilities and take these risks? When and to whom did it declare that it would put its signature to the covenant? When did anybody with a mandate from the American people make a promise to any other nation or association of nations?

Who pledged this nation in such a fashion as to deprive it of the moral right to examine the covenant? Was it President Wilson? It was, and as president Mr. Wilson derives his authority from a document which specifies that the United States senate shall give advice and consent before the nation assumes any obligations under a treaty.

The nation is not pledged and Mr. Wilson knows it. Mr. Wilson particularly knows it because last year in the congressional election he asked for authority to speak, for such authority as the re-election of a Democratic congress might give him, and was denied it by the voters.

Mr. Wilson, who said he needed this vote of confidence in order to speak with assurance at Paris, did not get it, but is not now restrained from saying that he not only had such assurance but he had more than any election could give him, that he had authority to make a treaty which was morally beyond the power of the United States senate to amend.

This is not only perversion of facts but it is perversion of the essence of our government.

## MANY ENJOY DANCE NEAR LITERBERRY

Event Given at Home of Charles Edwards Proves Most Enjoyable—Other Items of News.

Literberry, Sept. 27.—(Special.)—Quite a number of people from here enjoyed a dance given at the home of Mr. and Mrs. Charles Edwards east of here this evening. Mr. Edwards has just recently completed extensive remodeling work on his residence. He added a room and otherwise improved the property, and the dance and party was given in the nature of a housewarming event on this account. The affair was enjoyed by a large number and the time proved most pleasant in every way. At a late hour refreshments were served.

## Jacksonville Visitors Yesterday

Among the Jacksonville residents who visited Jacksonville today were noted the following: Mr. and Mrs. J. S. Hitchens, Miss Lila Henderson, Orville Gram, J. A. Liley, Mildred Underbrink, Evalde Hall, W. W. Young, and Oliver Lindsay.

## BETTER COMMUNITY CONFERENCE TO BE HELD

The fourth annual Better Community conference will be held at Urbana-Champaign Friday, Saturday and Sunday, October 3, 4 and 5. The program of the three days' events has been received by Hugh P. Green as president of the Morgan county Community Council. Several sessions are to be devoted to community council discussion and it is very much hoped that some members of the Morgan county council will be able to attend. Any member who will be able to serve as a representative is asked to communicate with Mr. Green and secure credentials.

The program as published shows that well known people will make addresses or take part in the discussion. Such important general themes as "Better Homes," "Better Farming," "Better Business" are to be discussed. Additional information concerning the conference may be secured by addressing Dr. R. E. Hieronymus at the University of Illinois.

## FIGURES GIVEN ON HOSPITAL COSTS

Some interesting figures in connection with Passavant hospital came to notice Saturday. The records of the institution show that at present it costs \$15 a week to maintain a patient.

There are at the present time 22 patients at the hospital who are paying \$10 per week. Then there are 19 who are being cared for at the hospital on weekly charges ranging from \$12 to \$18. There are in addition 11 patients paying prices ranging from \$20 to \$30 a week. From these figures it will be seen that the proportion of those patients paying less than the cost of maintenance is greater than those who pay something more than the actual cost.

This is one of the reasons, hospital authorities say, why the hospital, doing its work among all classes of patients, does not receive for the service given sufficient to pay all of the expenses of the hospital.

## SANDERS PROPERTY SALE MADE KNOWN

John N. Kennedy is Purchaser of Well Known West State Street Homestead.

While the details of the transaction have not been completed, it is known that John N. Kennedy has made a contract to purchase a part of the Sanders home property on West State street. Mr. Kennedy, it is understood, will become the owner of the west half of the property, which includes the residence. It is his intention to remove the west part of the house and to make a number of betterments. Without doubt the site is one of the most beautiful in Jacksonville and Mr. Kennedy and his family will have a delightful home.

The original part of the residence was brought to Jacksonville and erected many years ago by Porter Clay, a brother of Henry Clay. The timbers were hewn from walnut in Kentucky and then forwarded by water to Meredosia. Then the transfer was made to wagons drawn by oxen and the materials finally reached their destination here in Jacksonville. That was in the early history of Jacksonville, for after enlargements of the original house had been made it was for sixty years the home of the late W. D. Sanders.

It was as "Sanders' Place" that the property became a real beauty spot, flowers and foliage framing the handsome old dwelling in a very artistic way. Although both Mr. and Mrs. Sanders have passed on, the grounds have been continually kept in most slightly condition by the owner, Mrs. Frank Elliott.

Alexander Boy at Home After Matriculating at University—Other News Notes.

Alexander, Sept. 27.—(Special.)—Porter J. Corrington, son of Mr. and Mrs. J. B. Corrington of near here, returned home today after matriculating at Northwestern University for the coming school term.

Among the Alexander people who visited Jacksonville Saturday were the following: Mr. and Mrs. Hartman Zeller, Mrs. Margaret Colwell and daughter Miss Anna, George Colwell, Joe F. Bergschneider, Mrs. George Hall and daughter Miss Althea, Rev. J. A. Betcher, Mr. and Mrs. J. F. Willis, Misses Sarah and Emma Cockin, Arthur Smith and family, Mrs. Milton Ruble, Henry Ruble, and Mrs. Lucy Mason.

## BURGOO SUPPER AT WOODSON CHURCH

Ladies of Christian Church Serve Successful Burgoo Saturday Evening.

The ladies of the Christian church at Woodson served a very successful burgoo soup supper at the church Saturday evening. There was a large number of people took advantage of the opportunity offered to enjoy good soup and the ladies of the church realized a total of about \$165 thru their efforts. Pressed chicken sandwiches, pie and ice cream were also served. Mrs. Emma Taylor was chairman of the committee in charge of the event. She enjoyed the cooperation of all the ladies and thus the event was one of success.

## Preparation

Are you preparing for the day when work and money will not be as plentiful as they are now?

A period of re-adjustment will surely follow the great wave of prosperity which we have been going through. During that period of re-adjustment, the man who has spent all of his earnings as he made them will without doubt feel the pinch of want.

This Bank invites you to open a Savings Account and to make large or small deposits from time to time which will draw interest at the rate of 3% per annum, payable semi-annually. In that way preparation can be made for the re-adjustment period which we are now facing.

### A FINE COMPLIMENT

In order to get an accurate idea of weather conditions the government engineer having in charge the laying of national highways in the various states made an effort to ascertain the average date of frost which would militate against the laying of concrete. The U. S. weather bureau was called on and asked to furnish the average date for twenty years back so that concrete would not be put down late enough to be damaged by freezing. Among the many weather observers in the state "The Journal's" esteemed friend, George Hall, volunteer weather observer at Alexander, was the one chosen above all others by the U. S. weather bureau and his records were made a standard by which the question was settled.

### We Have Several Pieces of Fine Overcoat Woolens Left Over

OWING to material and labor shortage there will not be a great deal of variety in overcoatings this fall. THE materials will be—  
**VICUNA MELTON KERSEY**  
and the colors will be black, brown and gray. STYLES will be conservative, both double and single breasted, at the pleasure of the wearer.  
WHAT has been said with reference to the wisdom of buying tailored-to-measure suits, applies equally to overcoats—that it will be a long, long time before prices drop and it will be more economical to obtain an article that will wear several seasons, and look well until entirely worn out, as only tailored clothing does. You are safe in this as overcoat styles change very little.

### JOE COWHICK HOME AFTER LONG SERVICE

Winchester Soldier, Member of First Division, Arrives Saturday—Other News of Winchester and Vicinity.  
Winchester, Sept. 27.—Joseph Cowhick, world war veteran of two years and a half service arrived home this morning. Cowhick was a member of the famous First Division and returned with Pershing's men a few weeks ago. He had the honor of participating in the New York and Washington parades and deservedly shared in all the honors that have been showered upon the members of this great fighting unit since its arrival at the American port. Cowhick was the first of five brothers to answer the country's call for men and the last of the family to return. He went overseas among the first units which were sent across and saw much hard service and fighting in many of the major offensives while overseas.  
Entertains for Daughter.  
Mrs. John Flynn surprised her daughter Imogene Saturday afternoon by inviting seventeen of her little schoolmates in to help celebrate her ninth birthday. The hours from three to five were most pleasantly spent. Refreshments were served before the little folks departed for their homes.  
News Notes.  
Mrs. J. C. Adkinson left Saturday afternoon for Oakland, Cal., where she will spend the winter with her son Edward who has been a resident of the western state for several years.  
Dr. Kirt Dyer arrived Saturday from Kankakee to visit his mother, Mrs. John Dyer and other relatives.  
Anton Obermeyer expects to return to his home in Chicago Sunday night after a week's visit at the home of his parents, Mr. and Mrs. Peter Obermeyer.  
Miss Opal Ligon will take up her work Monday in the high school as an assistant to Miss Heironymous in the commercial department.  
Mrs. Effie McKee of Springfield is visiting her parents, Mr. and Mrs. Peter Obermeyer.  
Miss Ceres Green arrived Friday from Huntsville, Ill., to visit at the home of her aunt, Mrs. Henry Pieper and family.  
Frank Collins of Alsey returned home Friday after over four years service in the United States army.  
James Anthony of Roodhouse is a guest at the home of his sister, Mrs. William McLaughlin.  
Mrs. Don Farrington and grandson Claire Cohagen arrived home Saturday from a several weeks visit with relatives at Denver, Colo., and Cedar Rapids, Iowa.

### JOHN WHEELER LOSES MONTHS PAY

Held Up By Strange Negroes in Broad Daylight and Relieved of \$80, His Monthly Pay.  
Held up and robbed by a man who had just completed a half hour's sermon on religion and a scorching condemnation of robbers, is the experience of John Wheeler, janitor in the office of the governor at the state house, who is out \$80, on month's pay as the result.  
Wheeler was on his way to draw his pay Friday at noon when he was met at Fifth and Washington streets by two other negroes, both nicely dressed and apparently well educated.  
One asked Wheeler how to get to the state house and the janitor replied that he was going there and would take him along. Only one of the men went with Wheeler and all the way to the state house, this new "friend" talked religion. Wheeler got his pay and incidentally met the same man at the door as he came out. The negro said he had visited the state house, liked it very much, and would walk back to town with Wheeler.  
On the way back the "friend" still talked religion, condemned thieves who would rob a house and hold a person up, and remarked that they would burn eternally in hell. But at Third and Madison streets, near the railroad tracks, the newly made friend lost his religion all of a sudden. He pulled out a big revolver, shoved it against Wheeler's body and demanded that he give him his money.  
The other negro whom the two had left at Fifth and Washington, also appeared from somewhere. "I haven't any money," Wheeler said.  
"You have too," the thief said, "where is that money you just drew at the state house."  
Wheeler was searched and the money taken away from him. The two men fled down the railroad tracks and have not been seen since, altho the police have arrested several suspects, none measuring up with the description of the two "religious" burglars.  
The above story evidently refers to John Wheeler of this city who is holding a position at the state house. Wheeler resides at 502 South Church street.

### CONSIDER REPORT OF SCALE COMMITTEE

Chairman Takes Issue With Statement of Lewis.  
BUFFALO, Sept. 27.—Coal operators of the central competitive field devoted three hours today to consideration of the demands of the miners contained in the report of the scale committee adopted at the Cleveland convention of the United Mine Workers and submitted to a joint conference of operators and miners here.  
Chairman Brewster took issue with the statement made yesterday by acting President John L. Lewis of the United Mine Workers that the demands of the miners if granted should not result in an advance in the mine of coal.  
"The demands if granted will mean the doubling of the cost of coal at the mines," Mr. Brewster said. "In some districts it may mean more than double."  
Mr. Brewster was also skeptical of the claims put forth by Mr. Lewis, that miners can produce enough coal in six hours, five days a week, under the schedule of their scale committee to supply the industrial needs of the country.  
"The only way the miners would produce enough coal in six hours is to have the public buy coal when they don't need it and that is something that can't be done," he said. "The public will not buy coal in the warm weather and the industrial plants will not buy coal and store it up, but get only enough for their current needs. It is impossible to store it at the mines."

### ESTABLISH DIRECT RADIO COMMUNICATION

Washington, Sept. 27.—Establishment of direct radio communication between Denmark and the United States is planned by the Danish government. A despatch from Copenhagen to the Danish legation here today said that the Danish legation here today said the Danish minister for public works had announced in the upper house that his department was working out plans for a great trans-Atlantic wireless station near Copenhagen which will put Denmark in direct wireless communication with the United States. He added that it might be necessary to send a commission to the United States to complete arrangements.

### REGIONAL DIRECTOR QUILTS

Washington, Sept. 27.—Resignation of C. H. Markham as regional director of railroads for the Allegheny region, effective Oct. 2, was announced today by Director General Hines. Mr. Markham will resume his work as president of the Illinois Central and will be succeeded in the railroad administration by A. L. Baldwin, now assistant to the regional director.

### COMISKEY PARK, AN ELABORATE PALACE

One of the Most Up to Date in the Country—Seating Capacity Over 30,000—Only Grounds Owned by Single Person.  
Chicago, Sept. 25. — "White Sox Park" in Chicago where the opening game of the world's series will be played between the Chicago Americans and the Cincinnati Nationals, pennant winners of their respective leagues, this season, is one of the most elaborate baseball parks in the country. At the time it was built in 1910 it was declared to be a baseball palace and since that time several other baseball clubs have erected stands along the lines of Comiskey's creation.  
The White Sox Park, moreover, is the only one in the country which is owned by a single person—Charles A. Comiskey, who is also the only man in the big league who is the sole owner of a club.  
Fourteen Acres Used.  
The tract of land upon which the steel and concrete structures are built contains fourteen acres, and was purchased by Comiskey when he decided to move his team from the Thirty-Ninth street location where the stands were made of wood.  
This big grand stand was started Feb. 25, 1910, and finished July 1, of the same year. The club played part of its 1910 games on the field grounds and moved to the new park on the day it was completed. Twelve hundred tons of steel were used in the grand stand. The park is located at West 35th street and Shields avenue, and is reached from all parts of the city by elevated and surface lines and numerous boulevards. The playing field is laid out with the home plate at the southwest corner of the field, thus allowing the batter to face northeast and making right field the "sun garden." The distance behind the plate to the first row of boxes in the grand stand is 82 feet, eight feet less than the major league regulations call for.  
The distance down the right and left field foul lines from the home plate to the bleachers fence is 365 feet, twelve feet more than regulations. From home plate to the center field fence is 450 feet. These dimensions make the playing field the only one in the country conforming so closely to standards. The park has a seating capacity of 34,500. The original seating capacity of the park was 32,000 yet at one time Frank Chance, Day President Comiskey made a settlement for 36,308 paid admissions to the New York Yankees.  
Grand Stand Double Decker.  
The grand stand is a double deck structure, with box seats fringing its front on both decks. There are 11,000 of these box seats. The grand stand seats behind the boxes are on inclines. There are about 8,000 of these seats and they are all reserved. The lower grand stand seats are reached by two inclined runways, which go up at either end of the stand, and when about half way up branch out, making it possible to reach the top rows at four different points and that without climbing steps.  
The pavilions are on either side of the grand stand and have a seating capacity of about 4,500 each. They also are covered. These seats usually cost the fans 50 cents each, but for the big series the price will be more. These are not reserved, and will be placed on sale the day of the games.  
The bleachers are in right and left field. The right field bleachers run north and south, while the left field bleachers extend from the east to the west. They do not meet in center field. The intervening space is utilized for a big electric score-board which is worked from the press stand on the upper deck of the grand stand.  
The pavilions and bleachers are protected by a concrete wall four feet high, topped by a wire fence six feet high.  
The pitcher's mound is elevated 7½ inches. At night and when the weather is threatening the diamond is covered by a tarpaulin, which is 190 feet square. It requires a dozen men to handle this. It is rolled on a large steel cylinder and is kept in a structure built of concrete in front of the left field pavilion.  
Only Regulation Field.  
The White Sox playing field is the only regulation ball grounds in the country. The space behind the home plate originally was 94 feet, but even with twelve feet taken off to permit the erection of permanent boxes this year, the space behind the plate is still greater than that of any other ball park.  
Don't worry about finding that reserved seat at the world's series game played at Comiskey park, because Pete O'Neill has been busy for more than a month engaging a staff of 200 ushers and training them for the big rush on the opening day.  
O'Neill has been head usher at the White Sox park for twelve

### NUXATED IRON

"Say, Doctor, This Prescription Works Like Magic."  
Physician Says Nuxated Iron Quickly Puts Astonishing Strength and Energy Into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-Down Women.  
Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron, to enrich the blood, make beautiful, healthy women, and strong, vigorous iron men. To make absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original packages. Nuxated Iron will increase the strength and endurance of weak, nervous, run-down folks in two weeks' time in many instances."  
MANUFACTURERS' NOTE: Nuxated Iron recommended above by Dr. Sullivan can be obtained from any good druggist with or without a physician's prescription, as an absolute manufacturers' guarantee of success or money refunded.

**SUPER LOVE SCENES? SEE GRIFFITH'S FILM**

Show Most Refreshingly in "The Girl Who Stayed at Home"

Love scenes in photoplays have become very much a matter of "Three steps forward, two to the side, meet, clinch for three feet and fade out," and the variation is largely in the length of the kiss and the number of steps.

So the announcement of a new love scene, in the David Wark Griffith picture, "The Girl Who Stayed at Home," is refreshing if nothing else. Mr. Griffith is a master at doing the old things in new ways, so it is not surprising that he should play a love scene in a way no one else has ever thought of.

Manager Scott of the theatre where the pictures will be shown Monday and Tuesday, states that the scenes between Robert Haron as "Jim, the Oily Peril," and Clarine Seymour, Mr. Griffith's bright new star, as "Cutie Beautiful," are not only love scenes, but are also the cream of comedy. Such being the case, we opine that we shall cease studying the war tax and have a look.

**A POST OF THE AMERICAN LEGION**

To Be Organized in This City Tuesday Evening at the Court House.

All soldiers, sailors and marines of the late great war are notified that a post of the American Legion is to be organized in this city at the circuit court room Tuesday evening at 7:30 o'clock.

W. H. Marbach,  
W. T. Harmon,  
Marcey Osborne.

Organization Committee

The following preamble adopted at the St. Louis meeting sets forth the objects of the organization:

"For God and Country we associate ourselves together for the following purposes:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to conserve and sanctify our comradeship by our devotion to mutual helpfulness."

There are nearly five hundred persons in this precinct entitled to membership in this organization and for their own good as well as for the country generally all should lose no time in joining after the post is organized. It is non-partisan, non-political, civilian organization neither military or militaristic with no distinction in rank or between those who were overseas and those who were not.

Any soldier, sailor or marine who served honorably between April 6, 1917, and Nov. 11, 1918, and any woman who was regularly enlisted or commissioned in the army, navy or marine corps, Lieut. Col. Roosevelt and a large list of other eminent men were prominent in getting the organization under way.

It was first started in Paris, March 15 to 17, 1919 by a thousand officers and men from all units of the American Expeditionary Forces and this action was ratified and endorsed at a gathering in St. Louis May 8-10, 1919, and a constitution in conformity with the one prepared at Paris was adopted. The tentative body formed at St. Louis is duly officered and it is expected that 25 cents a year paid for each active member to the national governing body will supply funds to maintain the order. The national headquarters are at present at No. 19 West 44th Street, New York City. The legislative body shall be a national convention held annually and composed of delegates from each state, territory and the District of Columbia, the first one to be held in Minneapolis Nov. 10, 11 and 12.

At St. Louis the convention did a lot of good things and the outlook for this young organization is excellent.

**RACING AUTOIST WRECKS BUGGY**

Rig of Charles Bates Demolished in South Main Street—Driver Who Hit Buggy Turns Out All Lights and Speeds Away.

A racing autoist demolished the buggy of Charles Bates, residing north of the city in South Main street, opposite Jacksonville State hospital about 10 o'clock Saturday night.

Bates in company with Norman Vieira and Chester Hall was driving north in South Main street. The automobile was going in the same direction and struck the buggy with terrific force, knocking it a distance of probably fifteen feet.

Fortunately the buggy did not overturn though it was badly wrecked and none of the occupants were thrown out or injured. The horse was knocked to its knees but was not injured.

Immediately after striking the buggy the driver of the car extinguished his headlights and tail light and drove off at full speed. Traffic officer William Newman was in the vicinity and gave chase but was unable to overtake the culprit. However, the police have almost certain knowledge of who the party is and unless he comes forward and liquidates the damage he will be arrested.

**DEATHS**

**Baldwin.**  
Henry Baldwin, a resident of Buffalo Ill. died at Maplewood Sanatorium Saturday morning aged 88 years. He was born Sept. 1831.

Mr. Baldwin followed the occupation of farming and had large land interests in the vicinity of Buffalo. He retired from active work a number of years ago.

Two daughters both residing in Canada survive. The remains were removed to Reynolds Mortuary and prepared for burial and will be held there awaiting the arrival of the daughters. They will then be taken to Mechanicsburg where the funeral will be held and interment made.

**Doolin.**  
Mrs. Patrick H. Doolin aged 52 years residing northwest of Shipman Illinois died Wednesday morning Sept. 24th. She had recently gone thru an operation and was recovering nicely when she took sick suddenly and died within a short time. The deceased is survived by three sons: Frank of this city, John and Tony and one daughter Rose at home and two grandchildren, also two sisters Mrs. William Strang of Butler, Pa., and Mrs. S. M. McCue of Pittsburg. Funeral services were held Friday morning at the Catholic church in Shipman of which she was a devoted member. Burial was in Calvary cemetery of Shipman. The many beautiful flowers were cared for by friends.

**Timberlake.**  
Mrs. Lottie May Timberlake died at the Home Sanatorium Saturday morning at 2:30 o'clock. Mrs. Timberlake was born in Jacksonville July 14th, 1890. She was married to Roland Timberlake July 14th, 1910. To this union one son was born, Scott Daniel Timberlake. She was a faithful member of Mt. Emory Baptist church and a member of the choir at her death. She leaves to mourn her death, her husband, one little son, 8 years old, her mother and father, Mr. and Mrs. J. R. Scott, two sisters, Mrs. Maggie Gunn of Aurora, Ill.; Miss Clara Davis of this city, one brother, Daniel Davis, of Aurora, Ill.

The funeral will be held Monday afternoon at 2:30 o'clock at the Mt. Emory church in charge of the Rev. P. A. Crockett, assisted by the Rev. H. H. DeWitt.

**Smith.**  
Mrs. Lydia A. Smith died at 6 o'clock Saturday morning at the family residence, 315 West College avenue. Death resulted from a stroke of paralysis from which she suffered a few days ago.

Mrs. Smith was born near Markham January 18, 1842, and was 77 years of age at the time of death. She was united in marriage to William A. Smith November 8, 1866. Her husband preceded her in death March 24, 1908.

To this union five children were born, all of whom survive. They are: Laura M., Fannie A., Amanda M., Henry J., all of Jacksonville, and Mrs. Eva C. Wood of San Antonio, Texas. She also leaves two sisters, Mrs. Kate Riggs and Miss Mary Riggs of Kirkwood, Mo., and one brother John C. Riggs of Virginia.

Mrs. Smith was a consistent member of the Christian church. She was essentially a home woman and her greatest joy was found in ministering to those she loved.

Funeral services will be held from the residence Monday afternoon at 4 o'clock in charge of the Rev. Myron L. Pontius, pastor of Central Christian church.

**MRS. REEVE APPOINTED CHAIRMAN OF DISTRICT**

Heads Illinois Republican Woman's Executive Committee in 20th District.

Mrs. John J. Reeve has been appointed chairman of the Illinois Republican Woman's executive committee in this, the 20th district. The appointment was made by Col. Frank L. Smith of Dwight, chairman of the Illinois State Central committee.

Many novel plans are said to be on foot to promote enthusiasm among women of Illinois and with the list of district chairmen practically completed, the Republican women's activities are now well under way.

Mrs. Reeve, it is understood, will begin the organization of the district at once. Judging by the thorough way she has handled other projects of a public character, the Republican women of the 20th district can be counted on to do their full share in the campaign.

**COLLEGE OF MUSIC**

The Madrigal Club conducted by Director Pearson will meet Monday for organization. The work to be taken up is the Bemberg-Spicer, "Death of Joan of Arc" which will be presented with orchestra.

Mrs. Ina Berryman Kime who graduated in voice under Mrs. Pierson-Hartman, has recently been appointed voice teacher at Western Union College Le Mars Iowa, where Mr. Kime is an instructor and coach.

Vernon Black of Bluffs is among the later enrollments for violin study with Miss Moore. The Glee club under the direction of Mrs. Hartman met Friday for organization. This promises to be a strong and enthusiastic supplement of college life.

The College Orchestra will assemble for first rehearsal this week under the able direction of Mr. Pearson.

Enrollments still continue in all departments of the College of Music.

Hilma Franz who has formerly been a student of Mrs. Hartman has gone to Chicago to continue her study with Mrs. Perkins of the Auditorium School of Music.

**HAD PLEASANT VISIT WITH BILLY SUNDAY**

When Miller Weir was at the Black Hawk hotel at Davenport, Iowa, one day the past week he met Evangelist Billy Sunday in the corridor. In the pleasant conversation that followed, Mr. Sunday inquired about a number of Jacksonville people and told in a most earnest way of his very high regard for this city and his recollections of his meetings here. The prospects are for a very successful Sunday revival in the Tri Cities.

**WALTER BIRDSSELL HELD SALE SATURDAY**

Disposed of Personal Property—Expects to Go North.

Walter Birdsell held a sale of personal property at his farm near Clements Saturday afternoon. There was a good crowd present and all offerings brought good prices. The sale totaled about \$1,300.

Messrs Henry and Wright were the auctioneers and Frank Flynn served as clerk.

Hogs sold at \$36 and brood sows at \$51. These were bought by John Shirley. One cow sold for \$120 and one at \$80. Ollie Fanning paid \$200 for a horse and two colts sold at \$67 each.

Clover hay sold at 95 cents per bale, oats straw at 45 cents per bale and wheat straw at 30 cents per bale. Household goods and farm implements sold at good prices.

Mr. Birdsell is disposing of all his holdings and expects to go to some northern state to reside though he has not as yet decided upon his location.

## IN THE RAILWAY WORLD

Word reached the general offices of the Chicago & Alton Friday that the management of the Illinois Midland and its employees had agreed to submit their differences to arbitration and that all traffic on that road would be resumed at 6 a. m. Saturday as usual. A strike was called on August 23 last and since then the road has been idle with the exception of one day when the officials tried to operate a train. The Midland is a coal road, twenty-five miles in length and extends from Auburn on the Alton, east to Taylorville on the Wash. There are a large number of mines along this road, and it has always proved a valuable feeder for the Alton, one to two trains per day being given during the rush seasons. The Alton has felt the strike seriously and the officials and employees will welcome the decision to resume operations. The suspension of train service also forced the suspension of the mines. All Alton agents were notified that the strike was off and that the embargo in effect for the past month had been cancelled. All shipments for the Midland will now be accepted as usual. Empty coal cars, which had been diverted to other mines will now be sent to the Midland. The road is not under federal control, being less than 100 miles in length, and, consequently, the employees have not participated in the various increases in pay enjoyed by the Alton employees and those of other lines controlled by the government.

### Clerks Will Appeal.

Chicago & Alton clerks voted to appeal to Washington from the ruling of General Manager A. P. Titus that those holding chief clerkships, lose their seniority and in case that their job is abolished, they must take other positions as new men. The clerks maintain that appointment as chief clerks should not affect the incumbents place on the roster and will ask the wage commission for a decision following the recent ruling of Mr. Titus. Pending word from Washington, all clerks now holding chief positions will retain them.

### To Figure Back Pay.

Chicago and Alton time keepers will commence today, figuring the back pay and new scale of pay for all agents, operators, and lowermen, affected by the recent wage award. It is expected that General Chairman E. E. Gentz of the Order of Railway Telegraphers will be here and assist in making up the new payrolls and figuring up the back pay. There is a new ruling on split tricks, extra pay being allowed for those employees who work a portion of Sunday morning and also a portion of Sunday afternoon or evening. The new schedule is quite complicated and it may be some time before the new scale is applied and the back pay figured up.

### Alton Buys Five Hundred

**New Steel Coal Cars**  
The Chicago & Alton has purchased 500 new steel coal cars for \$1,000,000, or \$2,000 each. Ten years ago the same car could be bought for \$1,000. The new cars have wooden boxes but the underframing is all of steel. They are of fifty-ton capacity. The first delivery of fifty was made this week and others will come from time to time. The cars just received are not fully rigged and must be given attention at the Bloomington shops before being placed in the coal trade. Construction has been delayed due to strikes, and the contractor in Michigan who secured the order does not know when the remainder can be forwarded. The Alton management has under consideration a proposition to engage men to attach the missing parts at the scene of construction and thus expedite matters. It is said that the missing rigging can be secured from other points, and if attached will enable the assignment of the cars to the coal trade without delay. There is urgent need of these cars just now, as the demand for coal is very heavy, there being a general apprehension of a strike of the miners. The Alton could use a thousand cars just now and every one available is being pressed into service in order to keep every mine working at its capacity. The local shops are also working at their capacity to turn out cars that have been in for repairs. The steel coal cars require considerable attention owing to the action of the alkali which forms when coal is wet. This alkali honeycombs the iron and makes renewal of certain sections necessary. It is expected that most of the future orders for coal cars will specify wooden tops with steel framing.

### Smallpox at Roodhouse.

A telegram from Dr. St. Clair Drake, president of the state board of health, received by Supt. S. P. Henderson, stated that there were sixty-five cases of smallpox at Roodhouse, and urging all Alton trainmen running into that terminal to be vaccinated at once. It has been learned that most of the cases there are among small children, very few adults being stricken. So far the cases have all been mild.

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently uncurable cases reduced to what might be called a mild cold in twenty-four hours. In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arelene into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend. Mentholized Arelene in one ounce vials is dispensed by all the better pharmacies.

## Social Events

### Given Surprise on Birthday

Mrs. Harvey Kinsley was pleasantly surprised at her home near Alexander Friday evening, the occasion being her birthday anniversary. About forty were present and games and other amusements occupied the time. During the evening refreshments of ice cream and cake were served and the occasion proved most enjoyable.

### Ladies' Aid Held Meeting

The Aid Society of the M. E. church met with Mrs. Fred Ginder, September 25 at 3 p. m. There was a large attendance present and they had a most interesting and enjoyable meeting as the members are enthusiastic in their preparations for their annual chicken supper and bazaar which is to be held on the afternoon and evening of November 28th. After the usual business was transacted a musical program was rendered and the hostess served delicious refreshments.

**Surprise Party at Home of Mr. and Mrs. John Bourn.**  
A surprise party was given at the home of Mr. and Mrs. John Bourn of Shiloh neighborhood

Thursday night. The evening was spent in games and a large crowd was present. The prizes were won by Ollie Stevens and Roy Black. Those present were Misses Ollie, Hattie and Lola Stevens, Dorothy and Estella Bourn, Mr. and Mrs. Leo Bourn and family, and Roy Black.

### Given Surprise on Birthday

William Farrington was pleasantly surprised at his home, 730 South Church street Saturday evening, the occasion being his birthday anniversary. A number of his friends came in unexpectedly and an oyster supper was enjoyed. Mr. Farrington received a number of gifts. Those present were: Mr. and Mrs. Callender, Mr. and Mrs. Lee Leitz, Mrs. Nannie Graves, Mr. and Mrs. Logan Sargent and William Drake.

### Entertained For Mrs. Tanner

Mrs. W. H. DeMotte, Miss Amelia DeMotte and Mrs. T. P. Carter entertained Saturday afternoon at the DeMotte home on Prospect street in honor of Mrs. Maria Tanner, who is spending a number of weeks among her many Jacksonville friends. There were forty in the guest list and the hours from 3 to 6 o'clock were delightfully spent. The rooms were very prettily decorated with flowers suggestive of the season and in other ways the arrangements were of a kind to reflect the thoughtfulness and hospitality of the hostesses. The refreshments were in accord with the other generous details. Mrs. R. A. Gates, Miss Emma Daniels and Miss Idella Walton assisted in entertaining.

### Gave Birthday Party

Mr. and Mrs. Howard Rawlings of near Woodson entertained a number of relatives Sunday in honor of the birthday of the latter's brother, Robert Gibson of Franklin. Those present were: Robert Gibson, Mr. and Mrs. A. D. Gibson and daughter Ola of Franklin, and Mr. and Mrs. R. Chester Colton and daughter Clara of Woodson. After an elaborate dinner the afternoon was spent with music and a good social time was enjoyed by all. Mr. Gibson received a number of useful and handsome gifts.

Mr. Chester Van Winkle, a successful lawyer of San Diego, California, and his wife visited a part of last week with his uncle A. D. Gibson and family of Franklin. They were also accompanied by Mrs. Mary Moon and granddaughter Mary Hankins of Jacksonville.

### United Commercial Travelers Enjoyed Annual Picnic Supper

Members of the United Commercial travelers and their families enjoyed their annual picnic supper in Odd Fellows Temple Saturday evening. Heretofore the event has been held at Nichols park. Owing to the uncertainty of the weather the members decided to hold it in the hall this year.

There was a large number present and an old fashioned picnic supper was spread at 6 o'clock and thoroughly enjoyed by all. Following the supper Mayor Crabtree by special invitation made an address on the coming bond issue. The U. C. T. men and women both are heartily in sympathy with the proposed bond issue and said they would like to cast a ballot in favor of it if they could be in the city that day.

Mayor Crabtree called their attention to the fact that a law recently passed made this possible whereby they could vote an absent voters ballot. It was decided to take this matter up at once and during the week organized the traveling men and get them to make application for an absent voters ballot.

After Mr. Crabtree's address a most enjoyable evening was spent. There were games for both the little and big folks and a four-piece orchestra furnished music until 11 o'clock for dancing. Altogether the gathering was one that will long be remembered.

### New style Sweater-Vests FRANK BYRNS' Hat Store.

### ABSENT VOTERS MAY VOTE ON BOND ISSUE

Arrangements will be made by City Clerk Pyatt whereby voters of Jacksonville who are unable to be at home on election day may cast their ballots at the bond issue election October 7.

This is made possible by the passage of a new law by which a voter may make application for a ballot from the city clerk and mail it back marked as he wishes to vote. These ballots will be delivered by the city clerk to the judges in the precinct in which the voter resides on election day and will be counted with the other ballots.

There are probably 300 traveling salesmen who make Jacksonville their home. All of these men are for the bond issue and have expressed a desire to cast their ballots for it. By communicating with the city clerk they will be able to secure a ballot and thus cast their votes even though they are out of the city.

### VISITOR FROM BLOOMINGTON

John Beckenholdt, a prominent and well respected citizen of Bloomington, called in the city yesterday. He was accompanied by his son William Beckenholdt and wife of Bellebloom, both very pleasant people.

### Last dance of the season at Nichols park Wednesday night.

### THE BANKERS MEETING

Edgar E. Crabtree will leave for St. Louis today to be present at sessions of the American Bankers association. From St. Louis Mr. Crabtree will go to Chicago Friday for a conference with State Red Cross executives.

## VICTORY FOR REGULAR UNION ORGANIZATIONS

### Refusal of Convention of United Mine Workers to Seat Contesting Delegates From Illinois Is Victory For Regular Union Miners' Organizations of State.

Springfield, Ill., Sept. 27.—Refusal of the convention of the United Mine Workers of America to seat contesting delegates from Illinois, was a victory for Frank Farrington, president of the Illinois district, M. W. A., and the "regular" union organizations of miners in the state. The vote, which was almost eight to one, sustained the action of state miners' union leaders in canceling the charters of twenty-four local unions for going on strikes not authorized by the union officials.

"Insurgency" among the Illinois coal miners dates back many years, according to Mr. Farrington who declares the recent "insurrection" is the culmination of attempts of "the Socialist labor party and the I. W. W. propagandists to wreck the established union."

Bitterness of the feeling aroused is evidenced by the fact that a number of letters have been received by Farrington threatening him with death, according to Mr. Farrington's own statement. These letters have been turned over to agents of the United States department of justice who are now at work on the case.

Efforts of the agitators against Farrington and the other members of the state miners' official family have been felt most in the Belleville, Springfield and Peoria sub-districts. This is explained by union leaders by the fact that these constitute the industrial districts of the state where the "emissaries of discontent" and fellow ground. Miners who work near East St. Louis, Springfield and Peoria, it is related, are not dependent upon the mines for a living, and are able to get work in other lines of industry. They are less fearful, therefore, of losing their jobs at the collieries.

In the big fields of southern Illinois, on the other hand, the miners are firmly attached to their jobs and will brook no interference from agitators who recently tried to invade the rural sections of Franklin, Williamson, Saline and Union counties from city centers.

Not only have committees of insurgents been advised to leave the southern fields, officials of the miners' union say, but recently an "insurgent army" marching in the interest of the insurgent cause was held up in Perry county and turned back into Randolph county. Insurgents here declare the whole affair was staged by the accredited officials, aided by the operators in the south part of the state.

Leaders of the anti-Farrington organization say they will not yield to the constituted officials and they have organized a dual body, represented by state policy committee and other similar committees, one for each sub-district and others for each of the locals affected. Marching bands of strikers, ousted by mandate of Farrington from the union, went about the state boosting for their cause, which union officials declared was nothing less than rebellion against established authority.

The recent trouble arose when a number of miners went on strike July 5th in protest against the conviction and imprisonment of Thomas J. Mooney for complicity in the San Francisco "preparation day" bomb outrage. Such miners as took part in the protest

strike were fined by the operators in accordance with the Washington war-time agreement which national miners' officials held was still operative.

Men who were fined refused to go back to work, thus incurring further penalties. President Farrington upheld the operators in their course, and gained the enmity of a large number of coal diggers who called mass meetings and agreed among themselves never to go back to work until Farrington and the other miners' officials were "busted".

As many as 15,000 miners were idle as a result of the strike in the early days of August. When Farrington ordered the men back by Saturday, August 30, on pain of having their local charters revoked most of the men went back to work.

Charters of twenty-four locals were taken away, and measures are on foot to eliminate agitators when the local memberships are reorganized. In this day it is the intention of the state union labor organization to "purge" the union of an element which officials say has been a source of disturbance for years. A number of the locals already have been reorganized, although none was permitted to be represented at the international convention at Cleveland, because of a constitutional clause requiring active membership for three months preceding such a convention.

At a convention of insurgents at Springfield in August, it was voted to prefer charges against President Farrington at the state convention in Peoria in November. They are as follows: That Farrington was guilty of malfeasance in office, that he violated his obligations as an official and that he misused union funds. "I welcome an investigation of these charges," Farrington said.

## MAKING CHAUTAUQUA PLANS FOR NEXT YEAR

Directors Have Already Secured Fine List of Bookings—Some Open Dates Kept.

During the past week representatives of independent chautauqua bureaus have met the directors of the Jacksonville Chautauqua Association and many attractions for the 1920 chautauqua have been secured. On account of the unusual programs of the Jacksonville Chautauqua the bureaus always arrange to meet its directors before they book any attractions elsewhere for the last ten days in August. This arrangement gives the local management the first choice of the best attractions and as it always books only the best offerings, the bureaus cater to its wishes.

At this time it is customary to book as many musical attractions as possible. Entertainment and speakers are also contracted for, but the management always keeps some open time for head-line numbers which may be offered later.

The music secured for next year is especially satisfactory to the management, as it is the first time that it has been able to arrange the musical programs exactly to its liking. The music includes: A fine band for two days; the Bohemian Orchestra, under the management of the Hrubys who pleased chautauquans a few years ago, for two days; the Chautauqua Preachers' Quartet for one Sunday; the Garner Jubilee Company, a strong company of colored singers, for one day; the Florentines in novelty musical programs for one day; the Farmer Recital Company, a superb singing company under the leadership of Miss Bertha Ferner, a grand opera soloist of fine reputation, for one day; the Crawford Adams Company, with Miss Breed as reader, for one day and the Chicago Operatic Company which demonstrated to the satisfaction of the audiences last August its rare quality for one day.

The entertainers and speakers already booked include: Allen Schrode, the child entertainer, whose return was requested by great numbers of those who heard her at the last assembly; A. L. Flude, who is now in Siberia and Russia, preparing moving and still pictures for an illustrated lecture; Margarette Penick, a reader who has been the great new attraction of this year's chautauquas; Davis, magician; Herbert L. Willett, H. C. Culbertson, Roy Smith, Herbert L. Cope, four lecturers who rank among the best American orators; the Sadlers in their health lectures, and Strickland Gillilan "Off Agin, on Agin, Gone Agin, Finnegan" fame who delighted those who heard him a few years ago.

With such bookings so long in advance of the opening of the chautauqua, the management will be able by filling in the open dates with head-liners to be booked later, to offer patrons the best, strongest and most satisfactory ever put on the local platform.

## SUGGESTION FOR TRAFFIC PROBLEM

Journal Receives Communication Giving Plan Which May Help Situation.

The following letter was received by the Journal last evening, from Jesse E. Correa in reference to traffic congestion at the corner of South Main street and the square. Mr. Correa's plan is undoubtedly a good suggestion and one that has been tried out successfully.

Jacksonville, Ill., 9-27-19.  
Jacksonville Journal,  
Jacksonville, Ill.  
Mr. Editor:—

In the morning edition the report of the meeting of the safety or traffic officers and the problem confronting them regarding the congestion at points along the square where the cars make their regular stops was published.

This could be easily remedied by using moveable safety chains such as is used in some of the larger eastern cities.

These are two-inch iron bars with a ring in the top, set in heavy iron bases.

The chains have hooks or iron clasps that hook into the rings at top of iron stanchions—these are moveable so that the traffic police can place them at any point.

This provides a perfect safety zone at any point where it is required and also can be moved to any point without interfering with the streets or traffic.

These are used in Toledo, Ohio, at all congested corners on the main streets, with perfect success.

Am inclosing a small sketch of the safety chain that I have seen in use.

Very sincerely,  
JESSE E. CORREA.

## CIRCUIT COURT TERM ADJOURNED SATURDAY

Judge Norman Jones Here to Enter a Number of Orders—Judge Smith to Preside During November.

Judge Norman L. Jones was in Jacksonville Saturday to preside in the circuit court and to finish up the business of the May term. Judge Jones entered a number of orders and then adjourned the circuit court until November. At that term Judge E. S. Smith will preside.

In the people's suit against W. R. Turnbull of Waverly, charged with abetting an illegal voter, an order was made transferring the case to the county court.

A like order was made in the people's case vs. Earl Williamson and Harry Ogle, charged with assault with a deadly weapon.

In the action for trespass brought by John Anderson vs. Fletcher Hopper and Harry Hoffmann, an order was entered showing that the case has been dismissed on motion of the plaintiff.

In the suit brought by Julian P. Lippincott, executor, vs. Farmers State Bank & Trust Co., an action for debt, an order of dismissal was entered on behalf of the complainant. This was a case relative to the estate of the late D. R. Browning.

In the estate of Joseph Tomlinson, deceased, report of the trustee was filed and the cause stricken.

In the partition proceedings of Lena Johnson et al vs. Bert E. Gorham, et al., the master's report was approved and the cause stricken.

In the foreclosure proceedings of Charles B. Gaff vs. James E. Rawlings, et al., the master's report was approved and the cause stricken.

In the second suit between the same parties the master's report was approved.

In the matter of the estate of Mattie S. Wood et al., ex parte petition, report of the trustee was approved.

In the partition proceedings of James Hennessey vs. Margaret Hennessey, et al., the master's report was approved and the cause stricken.

A like order was entered in the partition proceedings of Joan E. Goncher vs. Dollie M. Rhea et al.

In the partition suit of David Owings vs. Phoebe E. Middleton et al., the master's report was approved and the solicitor's fee fixed at \$100.

Objections were heard in the partition proceedings of John Wadsworth et al vs. Rachel E. Fisher, et al. The case was taken under advisement.

In the foreclosure proceedings of Carrie L. Moeller vs. John Spencer, et al., the master's report of sale was filed and approved and the cause stricken.

In the foreclosure proceedings of LaCrosse Lumber Co. vs. Agnes Toban et al., master's report was approved showing deficiency of judgement entered, and the cause was stricken.

In the foreclosure suit of L. O. Vaught and J. P. Lippincott as trustees vs. George N. Seymour et al., master's report of sale and redemption was filed and approved and the cause stricken.

In the partition proceedings of Charles E. Hayes vs. Albert L. Hayes et al., the report of the sale made in vacation was approved, solicitor's fee and guardian ad litem fee approved and distribution ordered.

In the foreclosure suit of the Avers National Bank vs. Joaquin DeCastro et al., master's report was approved.

In the suit of C. A. Fiedler et al vs. Virginia W. Moore et al., for specific performance, master's report was approved and the decree for specific performance rendered and approved and the cause was stricken.

A like order was entered in the suit of G. A. Faugust vs. Louise M. Gilbert et al., for specific performance.

A new case was docketed and action taken. Edward E. Petefish as trustee of the estate of A. J. Petefish, filed a petition for authority to close his trusteeship as to Benjamin Petefish and pay over certain funds. The order was entered approving the report and authorizing the payment of the fund of \$5076.

## BRIDGE COMPANY MEN ARE LEAVING

Draftsmen Take Positions in Other Cities October 1st—Plant Chief Goes to Savannah, Ga.

The shut down of the plant of the Illinois Steel Bridge Company has resulted in a general scattering of employees. A number of the men employed in the plant have left the city and are employed elsewhere, while still others are working in different lines of industry in Jacksonville. E. N. Corwin, who has been the plant superintendent, is to leave Oct. 1 for Savannah, Ga., where he will be superintendent of a steel plant. Mr. Corwin, who is a man of long experience in this line of work, came to Jacksonville from Boston three years ago.

A number of draftsmen will also leave the city this week, as they have secured positions elsewhere. H. W. McClure, who came to Jacksonville from St. Louis, will return to that city and enter the engineering department of the American Bridge Co. Richard McKay, head draftsman, is to go to Salem, Ill., where he will assume duties as inspector of some construction work in progress there. A. L. Conlee has secured a position with the Decatur Bridge Co. and will leave for Decatur by October 1.

Homer Bradney is to take up new work in St. Louis and E. H. Shute, another draftsman, has already returned to his home in Chicago. Wilbur Jeffries will return to his former employment with the engineering department of the C. B. & Q. railroad and will again be located in Lincoln, Nebr.

**PUBLIC SALE**  
I will hold a closing out sale of horses, cattle, hogs, implements, and grain, etc., October 1.

## READY TO DEBATE LEAGUE QUESTION

Editor Journal:—

Yesterday I talked with one of the most respected republicans of Jacksonville. I will not mention his name without his consent. But he is universally esteemed as one of the most intelligent and useful citizens of Jacksonville.

He remarked: "I am disgusted with the fight Senator Lodge and others are making against the League of Nations. These men by their actions are destroying the results achieved by the war."

Then I talked to another well known republican and he said: "There is no argument for the League of Nations."

In this divided condition of public thought, what we need is light—not heat, facts—not assertions, clear statements—not innuendo.

I favor the League of Nations, and have given deep study to the arguments on both sides of the question.

I am willing to meet in joint debate any responsible opponent of the League of Nations "highland or lowland, far or near" in a courteous discussion of that important document.

If the opponents of the League feel to "cocksure" that there is "no argument for the League", here is the chance to convince the public.

Respectfully,  
JAS. H. DANSKIN.

## ILLINOIS COLLEGE NOTES

The annual religious census of the students at Illinois College shows that the denominations are represented in the following order in the College and preparatory departments: Methodist 71; Presbyterian 34; Baptist 25; Christian 23; Congregational 17; Episcopal 6; Lutheran 4; Catholic 3; Universalist 2; Evangelical 1.

The friends of Gordon W. Coon, commanding officer of the S. A. T. C. last fall, have received announcements of his marriage on September 19 to Stella Florence Miller of Buffalo, N. D. Mr. and Mrs. Coon will be at home at Billings, Montana. Captain Coon was a very efficient and popular commanding officer of the College Army Unit.

The trustees of the College held a special meeting in the Ayers National Bank building last Tuesday afternoon. Some routine business was transacted relating to the H. K. Jones estate and a committee was appointed consisting of Mr. Worthington and Dr. Black to prepare suitable resolutions relating to the death of Hugh M. Wilson.

The Sophomore Class was the first this year to complete its organization and have a class banquet. The banquet was held Monday evening at the Colonial Inn and it was a very happy occasion. After the banquet and an interesting program the young people spent the time in dancing and visiting. The social committee consists of Byron Cully, Alice Bray and Violet Murphy. The other class officers are S. Mack Peters, president; Ed Theis, vice president; William Fiddling, secretary and treasurer. Professor G. H. Scott was elected as the faculty class officer.

The Freshman Class has made a temporary organization with Edward Tanner as chairman. Coach Harmon was elected as faculty class officer. The senior and junior faculty class officers continue with their classes. They are Professors Ames and Lacey, respectively.

The friends of Lester Dale Gibson, ex '17 will be pleased to learn that Dale is improving in health. Warren Pierce, '17, who has been in the marines for about two years, recently returned to this country, has been discharged and returned to his home in New Holland, Ill.

The girls of the College enjoyed an informal reception at the home of Mrs. C. H. Rammelkamp Monday afternoon. The reception was given to acquaint the girls with the work of the Y. W. C. A. Miss Helen Taylor, president, gave a brief talk on the purpose of the organization. Mrs. G. H. Scott, wife of Professor Scott, gave a very interesting talk of the influence of the Y. W. C. A. on one's future plans. Alice Bray and Ellen McCurley gave a brief report on the work of the Y. W. C. A. at the Geneva conference in August.

Mrs. Ogden and the faculty of Academy Hall entertained the faculty and girls of the College Saturday afternoon, September 27.

Elden Karr another former student who has been in the service, registered in the College a few days ago. Karr was with the Marines.

The Y. M. C. A. held its first meeting of the year in the chapel Tuesday evening. Henry Best, the president presided and Francis Thurmon outlined the proposed work for the year. The Association will devote itself at the weekly meetings to a study of the world problems. Walter Mitchell and Fred Bray will give an account of the work of the Army Y overseas. After the introduction of the subject by the leaders it is to be discussed from the floor. The Rev. William H. Maybach of the State Street church has been chosen as ministerial advisor of the College Y and Professor Scott as faculty advisor.

Several pamphlets have been published by the American Red Cross Commission to Greece. These include one on the Hospitals of Greece by Major Black '83, and a general summary of the work of the Commission by Lieutenant Colonel Edward Capps '87.

The senior class of Whipply Academy has decided to adopt a class ring and is now engaged in planning the design. An article on "British Policy Toward the American Indians in the South" by Professor C. E. Carter, '05, of Miami University appeared in a recent number of the English Historical Review.

Rev. C. G. Cantrell of Chapin made a business trip to town yesterday.

## WAVERLY TO HAVE POST OF AMERICAN LEGION

New Organization to be Effected at Meeting Tuesday Evening—Young People's Union to Open Entertainment Course—Other Items.

Waverly, Sept. 27.—Rev. S. C. Schaeffer, for the past three years pastor of the Congregational church, left for Hartford, Conn., where he has accepted the pastorate of one of the churches there.

A meeting will be held Tuesday night in the Odd Fellows hall for the purpose of organizing a post of the American Legion.

The Waverly Young People's Union will open their entertainment course next Thursday night at the high school. The first number will be the Ladies Spanish Orchestra Sextette.

At the annual conferences of the M. E. churches which convened at Charleston this week, Rev. F. E. Smith was returned to Waverly for the fifth year. Rev. Walter Mitchell was also returned to the Waverly circuit.

Dwight Mettler who is attending school at Galesburg, came Friday for a few days visit with friends.

Mr. and Mrs. J. M. Duncan and two children went to Urbana Friday to visit until Monday. Mr. Duncan's mother, Mrs. Battershell, who spent the summer here, returned to her home.

Stanley Brian has returned from a visit of several weeks with relatives in Maine and Washington, D. C.

Miss Emma Hale has gone to Cincinnati for a visit with friends.

J. F. Kennedy and daughter, Miss Virgie, went to Champaign Friday to visit friends.

Mrs. W. T. Mathis of Murphysboro is visiting her mother Mrs. Anna Cline.

Mr. and Mrs. N. G. Keplinger have gone to Grand Rapids, Mich., to visit their daughter, Mrs. Roy McCracken.

White Wednesday night, Sept. 24: one muley red and white spotted cow, with white face and ears, white legs, switch of tail white, and white undercoat. The A. H. T. A. No. 158 will pay the above rewards.

A. C. Reid, President. Illinois phone 5532. Bell 930-5.

## HOW TO TIE A HORSE

The society for the prevention of cruelty to animals could do a good work by teaching everybody how to tie a horse. Frequently one will see a horse tied to a post, the hitchstrap wrapped once about the post and slipped down till the poor creature's head is in a very painful position. A hitch strap should be long enough to enable the person to pass the end of it around the post and tie it to the bridle or halter. In that case it will slip up and down easily and not be a torture to the horse.

## COBB LEADING HITTER IN AMERICAN LEAGUE

Detroit Star Batting For a Grand Average of .379—Babe Ruth New Home Run King With 28—National League Averages Given.

Chicago, Sept. 27.—Baseball's close finds Tyus Raymond Cobb, star outfielder with Detroit, in possession of the American league batting championship for the twelfth time in thirteen years. Cobb, according to unofficial averages today, is leading the race with a mark of .379, twenty-nine points ahead of Veach, his teammate and batting rival.

The figures include games of Wednesday, and the noted Georgian's official mark will not be determined until the final average is compiled after the closing of the season Monday. The only year in which Cobb was deposed from the batting championship during his major league career was in 1916 when Tris Speaker forced him out of the coveted position.

"Babe" Ruth, the home run marvel, is in seventh place in the list of batting leaders with an average of .323. Ruth, whose achievement of driving out twenty-eight homers for a world's record, leads the league in extra base hitting, having stretched 138 safe blows for a total of 280 bases. Besides his circuit drives, Ruth has thirty-four doubles, and an even dozen of triples to his credit. He also leads in scoring, having counted 102 runs.

Eddie Collins, the Chicago second baseman, is topping the base stealers with thirty-two, with George Sisler of St. Louis next in the list with twenty-eight. Cobb and Rice of Washington are trailing in third place with twenty-seven each.

Other leading American league batters for sixty games: Jackson, Chicago, .348; Sisler, St. Louis, .341; Tobin, St. Louis, .326; Heilmann, Detroit, .323; Ruth, Boston, .323; Jacobson, St. Louis, .322; Flagstead, Detroit, .320; Rice, Washington, .319; Collins, Chicago, .317; Peckinpaugh, New York, .313.

**National League.**  
"Cravvy" Cravath, manager of the Philadelphia club, probably will win the National league batting title by a margin of a few points, although the race is close. The averages show Cravath in the lead with .336, with Jim Thorne of Boston five points behind him. Eddie Roush, star outfielder with Cincinnati, is third with .322.

Burns of New York, who

crowded Heinie Groh, the Cincinnati third baseman, out of the commanding position in scoring, managed to cling to his lead of one run. Burns has registered seventy-nine scores. Zack Wheat, the Brooklyn veteran, and Roush are fighting it out for honors in total base hitting. Roush has a total of 214, while Wheat's mark is 213.

Cutshaw of Pittsburgh is in no danger of being deposed as the leading base stealer, his record of thirty-five being high. Bigbee, a teammate, is next in line with twenty-nine. Cravath's home run record of eleven remains unchanged.

Other leading National league batters for sixty or more games: Carey, Pittsburgh, .312; Groh, Cincinnati, .311; Meusel, Philadelphia, .310; Hornsby, St. Louis, .309; Barber, Chicago, .309; Stock, St. Louis, .309; Myers, Brooklyn, .305; Holke, Boston, .297; Wheat, Brooklyn, .295.

**American Association.**  
With the close of the American Association season set for tomorrow, Hendryx, the Louisville outfielder, is in possession of the 1919 batting championship, although his official average will not be determined until the final figures are compiled.

Hendryx, according to averages including games of Wednesday, is leading the race with a mark of .305, nineteen points ahead of Good of Kansas City, the runner-up. Reilly of Indianapolis went into a tie with Bob Bescher of Louisville for honors in base stealing, each having forty-one thefts to their credit. Smyth of Milwaukee is next in line with thirty-six.

In extra base hitting, E. Miller, the St. Paul outfielder, is the "class" of the league. Miller slammed out 189 hits for a total of 300 bases. He is credited with fifteen home runs, the high mark of the league; thirty-four two bases hits and sixteen triples. Ward Miller of Kansas City leads in scoring, having registered 111 runs in 142 games.

Other leading American Association batters for sixty or more games: O'Mara, Indianapolis, .342; Hyatt, Toledo, .335; Becker, Kansas City, .331; Brief, Kansas City, .325; Owens, Minneapolis, .324; Miller, St. Paul, .318; Miller, Kansas City, .317; Yerkes, Indianapolis, .316; Cochran, Kansas City, .305; Kirke, Louisville, .304.

## RALLY IN TENTH WINS FOR TIGERS

Defeat American League Champions By Score of 7 to 5—Game Marked By Hard Hitting—Other Results.

Chicago, Sept. 27.—Detroit staged a tenth inning rally today and defeated Chicago 7 to 5 in a game marked by free hitting. Veach opened the tenth with a triple and put Detroit ahead by scoring on Heilmann's single. A sacrifice and another single clinched the game for the visitors. Chicago made its runs by bunching hits which included home runs by Felsch and Risberg. The visitors retaliated and bunched hits and tied the count. Manager Gleason gave most of his regular rest and started Noyes, his latest acquisition to the pitching staff, the assignment on the mound.

## The Journal's World's Series Service

The Journal has made arrangements with the Associated Press to secure the results of the world's series games, play by play. The plays will be posted in the window at the Journal office and will be announced at the same time by a "leather-lunged" megaphone artist. All games are to be started at 2:30 o'clock each day. The first play, after announcing the attendance, batteries, umpires, playing rules, etc., should be learned in this city within a few minutes after the game is called.

A staff of trained writers of the Associated Press will attend the games and will be with the players when off the field. They will have the first-hand information through the series. The Journal will give it to the fans of the city as fast as it can be relayed over the special telegraph wires.

## CENTENNIAL SERIES WILL START TODAY

Indices Will Clash With Strong Capital City Team in Three Game Series—Both Teams Will Present Strongest Lineups.

Chicago, Sept. 27.—The Centennial series of games between the Chicago Cubs and the Philadelphia Phillies will start today at 2:30 o'clock. The series will be played in three games at South Park this afternoon. The series was to have started last Sunday but Juke horns in and put the kibosh on the game.

Manager Smith announced last night that in case the game was called off the stage would be removed from the series. This will save fans the trouble of making a trip to the park. However, if it is at all possible the game will be played.

Capt. Harmon will hold the indicator. Harmon has had a lot of experience as a ball player and an official. He will call them as he sees them and fans may be assured that the majority of them will be right. Play will start promptly at 3 o'clock.

Padgett probably will draw the assignment on the mound. If he is right he will serve up just a little bit better pitching than the Centennials have been called upon to face the past season. White will be in reserve.

Dove is picked to hurl for the Centennials. However, Elliott will be here and he may get the job. The locals have beat Elliott once and he is anxious to get revenge. The teams will line up as follows:

**Indices—Briggs, ss; Mahan, rf; Ruble, 2b; Shook, cf; Christopher, c; McManus, 3b; Simms, 1b; Riggs, lf; Padgett, White, p.**  
**Centennials—Betcher, cf; Scott, rf; Watling, ss; Alewelt, lf; Fernandes, 2b; McAnker, 3b; English, 1b; Kroeschner, c; Elliott, Dove, p; Jones, utility.**

## COLUMBUS FINAL DAY CARD SMALL

COLUMBUS, O., Sept. 27.—Grand Circuit racing closed here today with a small card, but in two of the three events keen competition was shown. Harry Stokes drove Jesse Y for Walter Cox and won the 2:11 trot with the horse, something Cox was unable to do all year.

The 2:18 trot also was taken by Ed H and the 2:13 trot had Lou Todd as a winner. In this race the pudge took Ervin from behind Black Diamond after the first heat but Erskine could do no better.

Ed H and Hickory Bill became new 2:10 trotters today. When Jesse Y won the third heat of the 2:11 trot a \$2 ticket in the mutuels paid \$59 to its holders.

## JOURNAL AND CITY HALL PLAY MONDAY

The Journal and City Hall teams will book up again at South Side park Monday afternoon. Play will be called at 2 o'clock and Ed. Christopher will umpire.

The teams will line up the same as last Monday. Capt. Elliott is reported to have signed up about forty players and says he is going to win the game at all hazards.

Capt. Elliott also has announced his intention to take the police Ford out to use in right field in chasing the long drives that will be made by the Journal team.

Charley DeSilva is going to use roller skates on short stop so that he can cover more ground. Charley believes that in this way he can make more errors as he can reach more batted balls.

Sparger, the midget wonder, will again do the receiving for the Journal. Stewart will be back to the pan for the city hall. Stewart has devised a new glove made out of a small wash tub and hopes to be able to stop a ball occasionally.

## NATIONAL LEAGUE CHAMPS TRIM CUBS

Win by Heavy Hitting in Two Innings by Score of 7 to 4—Groh Returns After Three Weeks Layoff on Account of Injuries.

Cincinnati, Sept. 27.—The National league champions again defeated Chicago today by heavy hitting in two innings. Four hits were bunched off Martin in the fifth for two runs and four more hits came with two walks and two errors in the seventh, yielding four runs. Ruether pitched five innings and retired in favor of Bressler. Captain Groh of the Reds, who has been out of the game for three weeks with a smashed right finger, returned today. He did not have a fielding chance but made two hits. Before the game George Wright of Boston, Cal McVey of San Francisco and Oak Taylor of Atlanta, the three surviving members of the famous Reds of 1899 appeared on the field. They are here for the world's series as guests of the local Chamber of Commerce.

## DEVLIN-SEHY WEDDING AT ASHLAND CHURCH

Miss Frances C. Sehy Becomes  
Bride of Harry A. Devlin at  
Ashland Church, September 24th.  
—Miss Clara Sinclair to Teach  
at Mitchell, S. D.—Other News  
Notes.

Ashland, Sept. 27.—A very pretty wedding took place in St. Augustine's church of this city, Wednesday, September 24th, at which Miss Frances Catherine Sehy, daughter of Mr. and Mrs. John Sehy of this city, became the wife of Harry A. Devlin, son of Mr. and Mrs. John Devlin, Sr., also of this city.

The bride was beautifully dressed in white, and carried a bouquet of orange blossoms, and carried an arm bouquet of bridal roses.

The bride was attended by her sister, Margaret, who looked very pretty in a yellow crepe de chine gown, carrying Killarney roses. Little Miss Alvina Devlin, niece of the groom, acted as ring bearer. The bride walked to the altar on the arm of her father, to the beautiful strains of Lohengrin's wedding march played by Mrs. Henry Henn, meeting there the groom who was attended by his brother, William Devlin. Miss Rose Hade of Quincy very sweetly sang "Ave Maria". The ceremony was performed by Rev. Father Fogarty of De Soto, Mo.

After they received congratulations, they went to the home of the bride where a wedding breakfast was served to about fifty guests. Later the young people left for a wedding trip to different points in Iowa, after which they will reside on a farm west of town.

Miss Anna Fouch of Springfield spent the week-end with Miss Nello Savage.

Mr. and Mrs. C. W. Bailey and daughters and C. Arthur Burton motored to Springfield last Thursday afternoon.

Mrs. Mary Smith returned to her home at Auburn after a two weeks visit with her son, George Smith.

Mrs. Lucy Lynn of Carrollton visited her sister, Mrs. J. J. Elmore, last Tuesday and Wednesday.

Mrs. Lester Anderson of Richmond spent several days the past week with her mother, Mrs. Mary Parsons.

William Beadles and Leslie Daniels left for Bloomington last week where they will attend the Wesleyan University this winter. Miss Clara Sinclair left last Friday for Mitchell, S. Dakota, where she will be engaged as teacher in Wesleyan University there.

Mrs. Wm. Connor has returned home from Springfield and is gradually recovering from a slight stroke of paralysis. Misses Mildred Sweatman of St. Louis and Fay White of Farmington spent a few days last week with their aunt, Mrs. Oscar Zirkle.

Bernice, the eldest daughter of Mr. and Mrs. John Blank, had the misfortune of falling from a swing and breaking her right arm between the elbow and wrist.

Louis L. Savage returned from a visit with his son C. J. Savage of Dallas, Texas.

### GIRL IS RESCUED FROM CAVE MAN

Cleveland Woer Kept Sweetheart  
in Attic to Make Her Say "Yes."

From the Cleveland Plain Dealer.

Two police detectives rescued Margaret Longo, 18, the other day from the hands of a sweetheart who has resorted to cave man tactics to gain her consent to marry him.

The girl, who had been kidnapped from her home, was found crouched in the corner of an attic room of a house on East Ninety-third street.

Charles Call, said by police to have been the ardent wooer and the woman in charge of the house were arrested.

"Oh, I'm so glad you came," the girl cried as the officers entered the room. Then she wept.

"That's my wife," Call protested when informed that he was under arrest. At the same time he showed the detectives a typewritten agreement, made out by a notary and signed by the girl and himself, whereby they agreed to be married.

"I did not want to sign the paper," the detectives say the girl answered when asked if it was her signature, "but they made me."

The girl then told how she was taken in a motor car to a house in Union avenue, where she said her captor tried to pass her off as insane in order to obtain admittance. She said when the owner of the house refused to let them in she was forced to re-enter the car and was driven around for a long time and finally taken to the East Ninety-third street house. There, she said, she was forced to sign the agreement.

When the notary public left, she said, she was carried to the attic and when she got inside her companion locked the door and put the key in his pocket. She asserts she was told that she would be kept in the place until she agreed to go somewhere and have a marriage ceremony performed.

"At first I thought he was only trying to scare me," the girl said, "but when it became dark and my pleas to be taken home were ignored I realized that I was to be held prisoner until I did as requested."

"It was hard to stay in that dingy little room with only two chairs in it, but I made up my mind never to say yes, and I didn't."

The girl said that on several occasions Call left the room to bring in food and consult with persons outside.

"I love her," police say Call insisted when questioned at police headquarters. "I just had to have her somehow."

## MAVERICKS

It's too bad President Wilson didn't have an indisposition that would have prevented him from going to Europe.

While we are discussing the League of Nations and various other things of a minor nature they keep slipping up the price of shoes and wearing apparel.

The President tells us that we won't have lower prices until the peace treaty is signed. We have a notion it will take a great deal more than that to cause prices to tumble.

They are referring to Pat Moran as "Miracle Man" because he won the pennant with the Cincinnati Reds. We have noticed, however, that a miracle man generally has four good outfielders, three good outfielders, a high class pitching staff and a couple of good catchers. That with a little team work will develop almost anybody into a miracle man.

A lot of baseball writers are making a big fuss over the fact that Kid Gleason took the same team that Rowland finished fourth with in 1918 and won the American league flag this year. We can't see where they get that stuff. It is true that Rowland started with the same team. But soon after the season began he lost Collins, Jackson, Felsch, Jenkins, Williams and several lesser lights. Just where does the average fan suppose Gleason would have ended this season without the men referred to above. Aside from Faber every one of them have had a large part in copping the flag for the White Sox.

The James and Younger brothers who used to thrill us with bank and train robberies in our boyhood days were mere pikers compared with the gentry operating in the present day.

This is the Open Season. In the old days a young man seldom approached a young woman on the street and asked permission to accompany her home unless he was well acquainted with her. That seems to be all changed in these fast days and times. Now it seems to be customary if a young woman resents such advances for the young man to put a right cross over to the jaw for the count. Times do change.

Cranberries may be cheaper this year. But what good are cranberries without turkey and the other trimmings which give promise of being out of sight.

Has One Friend. It is said that President Wilson does not want Burleson to resign. So far as we can ascertain the president is the only man in the United States who would not be tickled to death to see him retire to private life.

Mrs. J. Ogden Armour gave a dinner at the Blackstone hotel the other day preliminary to starting the Salvation Army drive. If

## FARMER MOORE HAS GAINED 37 POUNDS

All Troubles Overcome By Taking Tanlac—Had Suffered Eight Years.

"I suffered for eight long years before I found a medicine that would do me any good, but since taking Tanlac I have gained exactly thirty-seven pounds, and all my troubles have been completely overcome," said John N. Moore, a well known and prosperous farmer who lives on R. F. D. No. 4, Empire, Ill., while in Shorthouse's drug store in Bloomington the other day. "When I commenced taking Tanlac," he continued, "I had reached the point where I could not do any work at all, and was forced to hire a hand to take my place on the farm. I had suffered so much and so long with stomach trouble, I was just about down and out, so far as health and strength was concerned. During all these years my appetite was very poor, and what little I did manage to eat would cause me worlds of suffering. Gas would form on my stomach so bad that I could hardly get my breath, and I would have the worst sort of cramping spells. I finally got to where I was hardly able to retain what I ate, and would actually get nauseated every time I looked at anything to eat. I had fallen off so much, and was so low in health that all my friends were talking about the awful condition I was in. I was very nervous all the time and never knew what a good night's sleep was. "I heard about Tanlac, then, and I thought I would give it a trial. Well, sir, my friends and neighbors are talking differently now. They are asking me what in the world have I been taking to make such a big improvement in my condition, and it just does my heart good to tell them that Tanlac did it. It is wonderful the way I have gained in weight and strength. I can go to the field now and do as much hard work as any hand on the farm. My stomach seems to be in perfect condition, and I never have indigestion, and am not bothered with gas forming after meals. I have the best appetite I ever had in my life, and can eat just anything I want. I am free from all that nervousness, too, and I sleep just like a boy every night. Tanlac has done all that for me, and I am as well and hearty now as I ever was in my life, and as long as I live I will pass the good word along to others who suffer as I did."

Tanlac is sold in Jacksonville by Coover & Shreve, in Merceda by Mr. R. B. Field, in Murrayville by M. E. Gilbert, in Waverly by Wylie Drug Co., and in Woodstock by The Hay Pharmacy Co.

## ILLINOIS WOMAN'S COLLEGE NOTES

Miss Knopf received word this week that two of her most recent pictures, "Forest Fantasy" and "Autumn Garden Flowers" had been accepted by the Artist's Jury and were now hanging in the Fourteenth Annual Exhibition of Oil Paintings at the City Art Museum, Forest Park, St. Louis. The exhibition remains in St. Louis until October, twenty-eighth.

Miss Helen Lewis Keyes of Springfield, Fine Arts graduate 1919, was a caller at the College this week.

Miss Geraldine Desmond of Edwardsville, Ill., entered the Junior class, on Friday.

Miss Florence Madden, daughter of Dr. F. B. Madden of Grace church, will remain in Jacksonville during the school year, and will live in the college dormitory. She will receive her degree next June.

The representatives of the Woman's College at Lake Geneva camp this summer, entertained the representatives of Illinois College at dinner on Thursday evening.

On Thursday the Home Economics club enjoyed a picnic at Nichols park, about forty members belong to the organization.

The library has just received some new cases and shelves for new books recently received.

President Harker has received a Life of Lincoln in two volumes by Irwin Chapman, and presented to the college by Wm. J. Lane of Los Angeles, Cal. In this work is told the experience of President Jacques in a secret mission to Richmond, Va., to interview Davis, the president of the confederacy, in an effort to bring about a settlement of the war. Jacques was president of the college from 1848-1855.

The library has received two valuable books from the United States National Museum on Birds of North America by Ridgman, Volume eight, and North American Diving Birds by Bent.

Miss Eleanor Thompson, the librarian, has completed the indexing of the College Greetings. The Greetings have been published for twenty-two years, so that this index will be especially valuable.

Rev. D. V. Gowdy, the new minister at Centenary, was a visitor at the college on Saturday, calling on his daughter, Miss Helen, who is a freshman.

President Harker has returned after several days' absence. He attended the conference at Charleston and later spent several days in Chicago on business connected with the college.

## GERMANY A MENACE AGAIN

Will Emerge a Colossus in Ten Years, Says George Pattullo.

George Pattullo, in the Saturday Evening Post.

In my opinion Germany will be the most dangerous competitor for world trade the U. S. will have to meet in ten years' time. No matter what indemnities she must pay, regardless of how the peace terms cripple her—she is destined to take place in the front rank, and her recovery from defeat will astound those of her enemies who count upon ruin to follow the conditions they have imposed.

We might just as well face the prospect squarely for the allies can no more prevent it than they can arrest the flight of time. They may heap military and economic hobbles upon the Germans until their ingenuity is exhausted and still Germany will emerge a Colossus.

Why? Because of their genius for organization and their tremendous capacity for work. All material success boils down to those two factors. No race on earth surpasses them in tireless industry; no European nation even approaches them. To these gifts was due the military might which required a world in arms to break. The Germans themselves are perfectly aware of the value of their industrious habits, and with their customary arrogance classify their chief rivals about as follows: One German is equal to three Frenchmen or two Englishmen, and is superior to one American. Time and again I have heard Germans of substance and standing give practically this ratio.

Heine entertained that opinion before the war and he clings to it still. His sense of racial superiority crops out at every turn. By way of parenthesis I may say the notion that American success is largely due to extraordinary luck rather than any special capacity is pretty general thruout Europe.

## ESSEX Motor Cars

## Look at the Essex

Do as 10,000 Owners are Doing. Compare its Qualities with Large Costly Machines, the Only Type by which Essex performance Can Be Compared.

## From This Viewpoint

We ask you to ride in the Essex that you may know how it matches the performance of costlier, larger cars.

Until you have experienced its performance you will not know that it is an unusual car.

Its size and cost naturally leads you to regard it as you do other cars of similar size.

But 10,000 owners and other hundreds of thousands of motorists know that except for its price, its size and the economy of its operating cost, the Essex bears no relation to even cars of the better quality light weight medium priced class.

### Choose the Essex for Performance

Any Essex owner will tell you the most inspiring things about acceleration and speed. We have many customers who tell us they prefer driving the Essex to any car they have ever known.

Its ease of operation, the power which eliminates much gear shifting, the speed that puts the Essex in the lead of any car they wish to pass, are qualities that account for much you hear among motorists.

### Endurance too, Is Now Evident

Remember the Essex has seen hard service. Its performance range is so large

owners use their cars on trips heretofore undertaken only by larger cars. The Essex has shown it has no narrow limitations. It is safe to use for any trip you would undertake with any automobile.

It meets every service and Essex owners tell their friends how little attention they are required to give their cars.

### Let Those Qualities Decide You

Regard the Essex in the service you expect from it, as you would any car regardless of size or cost.

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail, is possible with proportionate saving in cost.

Let us show you the Essex in the way that reveals its true qualities.

There's a five-passenger touring model, a sedan for five and the roadster.

Each is as beautifully and completely done as any car you could want. Think how people endorse the Essex. The sole reason for their enthusiasm is Essex quality. Add your personal experience to what everyone is saying for the Essex.

## CHURCH SERVICES TODAY

Salem Evangelical Lutheran church—East College street. Rev. J. G. Kuppler, pastor. Fifteenth Sunday after Trinity. Public worship in German at 11 o'clock, and in English at 7:30 p. m. Everybody cordially invited. The Ladies Aid society will meet Thursday with Mrs. George Wiegand, 215 Hardin avenue. The L. W. C. will meet Thursday evening at the school.

Mt. Emory Baptist church—E. A. Crockett, pastor. Because of the services of a visiting minister last Sunday the program for the day was not followed as announced, so the same program will be used for the services today, that is the pastor will open a series of sermons on Sowing and Reaping at the morning service and the other services will be as usual.

### Coated Tongue What it Means

A bad breath, coated tongue, debility in the mouth, languor and debility are signs of liver trouble. Prof. H. W. Pierce's Pleasant Pellets will live an organ, secondary important only to the heart.

The liver acts as a grand over-all, filtering out the poisons from the general circulation. A blockage in the intestines produces a heavy burden upon the liver. The intestines are choked or clogged, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste. We suffer from headache, yellow coated tongue, bad taste in mouth, nausea, or gas, acid eructa, languor, debility, yellow skin, eyes. At such times one should take either oil or a pleasant laxative. Such a one is made of M. P. P. leaves of aloe and jalap, in its ready-to-use form by Doctor Pierce, nearly fifty years ago, a old for 25 cents by all druggists. Dr. Pierce's Pleasant Pellets

The trustees will meet in the pastor's study Monday evening at 8 o'clock, the official board will meet Tuesday evening at the same place and time and the business meeting of the church will be Wednesday evening.

A meeting of the official board is called for following the morning preaching. No evening service. The new pastor, Rev. T. H. Tull will occupy the pulpit morning and evening next Sunday.

Northminster Presbyterian church—Walter E. Spoons, minister. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. Morning subject "Signs of the Lord's Near Coming." This is a subject that great Bible scholars are very much interested in just at this time. Evening subject: "The Necessity of a Clean Life." A sermon to young people. All are invited. Sunday school at 9:30 a. m. William Bieher, superintendent. Junior Endeavor at 5:30 p. m. Senior Endeavor at 6:30 p. m. The Sunday school and church will hold their Rally and Home Coming service next Sunday, Oct. 5. The big tent meeting will begin Monday night, in a tent located at the home of Alfred Souza near Trinidad school house. No prayer meeting while the tent meeting is in progress.

State Street Presbyterian church—W. H. Marbach, pastor. "Rally Day" in the church service. Sunday school and the Young People's society is the order of the day. Strangers, friends and members are urged to make the day one of profit and pleasure by attending the services. A warm welcome, helpful

services of inspiration, good music and an approach to the "mercy seat" of the Heavenly Father is yours for the taking. No person is getting along pretty well without Jesus Christ, nor is the community or nation. In His name we bid you welcome. Sunday school at 9:30. Morning worship at 10:45 o'clock. Young People's meeting at 6:45 o'clock. Evening worship at 7:30.

The Congregational church of Jacksonville—W. Ernest Collins, minister. The church school meets at 9:30 with graded work for all ages. ## MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss.—"Eight years ago I was suffering with pains and weakness caused by a female trouble. I had headaches, chills and fevers, and was unable to do my work part of the time. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took twelve bottles of it, and my health has been good ever since. I am able to run the machine and do dressmaking besides my housework. You are at liberty to publish my letter if it will help some poor suffering woman." —Mrs. J. C. SANFORD, 1237 Second Ave., Laurel, Miss.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Sanford, or suffering from displacements, irregularities, inflammation, ulceration, backache, sideache, headache, nervousness, or "the blues."

Such women should profit by Mrs. Sanford's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their long experience is at your service.
